Shipping

Ships fully assembled, ready to install devices.

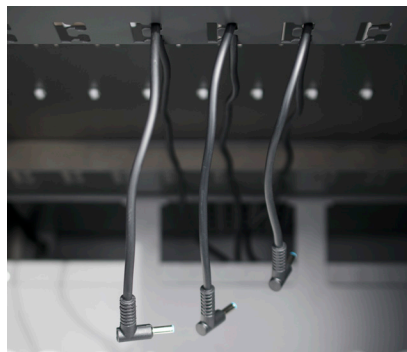

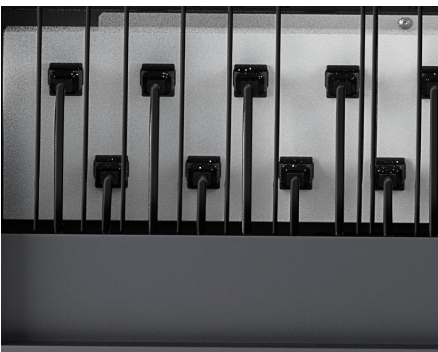

Secured

Front door is secured using a reprogrammable, four digit combination padlock.

Options

Create a customized color solution with the fun and exciting color options.

NEW Cable Management

Storage bins in the rear of the cart provide ease of cable management and organization of cords.

Safe

Polypropylene slot dividers help keep devices safe and protected.

Options

Available in two models, supporting up to 36 devices, with AC charging capabilities, in a variety of fun colors.

Safe

Designed with safety in mind to ensure safe operation, with the entire cart listed to UL 60950-1.

Accessible

Removable back panel allows access to cord management.

Efficient

Digital timer system in TVC32 and TVC36 ensures devices can safely charge without overloading circuit breakers, using a single cord from the cart to wall outlet.

Welded, all-Steel construction

Cart is constructed from prime steel, which contains 25 to 35 percent post-consumer recycled content and is finished with powder coated paint.
