

## 38035

Model Number: SPN064-1023TL

**Category:** Basic **Sub Category:** Surge

**Power Configuration:** 20A, 120V, 1.9kW **Physical Configuration:** 19in / 483mm, Horizontal

**Description:** 38035 comes equipped with built-in surge protection. This basic power distribution unit is ideal for

environments lacking facility-level surge suppression or for applications requiring additional protection.

Product Summary: 38035 - Basic, Surge, 20A, 120V, Horizontal, (6) NEMA 5-20R, breakered, 10 ft power cord with L5-20P, Black

Powder Coat.

Plug Form:

Receptacle:

NEMA 5-20R (Quantity: 6)

**Chassis Colors Options:** 

To discuss color options, contact your local sales representative.

## **Product Specification and Options:**

Voltage         120V           Current         20A           VA per input (Load Capacity)         1.9kW           Frequency         50/60H2           Over Current Protection         20A Thermal Breaker           Switch         No           Indicators - LED(s)         1 - Power ON Green LED           Power Cable Wire Gauge         12/3           Power Cable Length         10f           Plug Type         NEMA 15-20P Twistlock           Receptacie/Socket Type #1         NEMA 5-20R           - Quantity on Rear         6           - Quantity per Breaker         6           - Style         Duplex           - Woltage per Receptacle/Socket         120V           Joule Rating         720           Maximum Output per Receptacle/Socket         120V           Joule Rating         720           Maximum Clamping Voltage         340V           Response Time         < 5 nanoseconds           Technology Used         Super MOVS           Surge Indicator Red LED         Yes           Continuous Operating Temperature Range         10-45C / 50-113F           Heavy Steel - Powder Coat Finish         Black           Configuration         19in / 483mm Horizontal Rackmount	Quantity Of Inputs
