socket mobile®

# SOCKETSCAN® WITH CHARGING STAND

Ergonomic and Elegant

The SocketScan 700 Series bundle comes with a Bluetooth barcode scanner and a Charging Stand to conveniently charge and store the scanning unit. In this bundle, Socket Mobile offers the S740 universal barcode scanner or the S760 universal barcode scanner and passport reader. All are compatible with Apple iOS, Android OS and Windows PC. The scanners have a lightweight, ergonomic construction, and a long-lasting battery to survive an entire workday. There are LED light indicators for battery monitoring, Bluetooth connection and
scanning notification that make the scanner more intuitive to use.

With the Charging Stand, the Socket Mobile 700 Series has a home to charge and remain serviceable simultaneously. With the optional security cable, keep the barcode scanner and charging stand together. The combination is elegant, functional and compact. Use the Charging Stand to avoid downtime by always having your barcode scanner charged and ready to go.(2D barcode scanners can be configured to utilize the Auto Scan feature)
