Cat6a S/FTP Patch Cable, 7 ft., Blue

Copper, 26 AWG, RJ45, 50 Micron Connectors
Part No.: 741484

CONNECT EASILY TO YOUR NETWORK

Upgrade your network and enjoy clear transmissions and secure data with the Intellinet CAT5e CAT6 or CAT6a Snagless Ethernet Patch Cables. Our patch cables enable you to connect any network appliance to a wall outlet, modem, router or any other networking device. They meet the appropriate TIA/EIA and ISO standards and are suitable for use with 10/100/1000BASE-T networks (10Gbps with CAT6a).

Features:

- Augmented Category 6 (Cat6a)
- Screened fully-shielded twisted pair cable
- PVC cable jacket for flexibility and durability
- Snag-free boots protect RJ45 connectors
- Lifetime Warranty
