

## Incredible power to create more

Our most powerful Spectre yet fuses impeccable craftsmanship with untouchable power and performance. Edit 4K[1] videos, build complex digital files with ease, and redefine what's possible with a PC crafted to transform the way you create.

### Our most powerful Spectre yet

Equipped with an Intel® Core™ processor, all day battery life[1], and NVIDIA GeForce graphics, you have power and speed. Elevate your Spectre's performance to a new level by managing thermal settings to choose from quiet, cool, or performance modes, depending on needs.

### An immersive viewing experience

Bring your visions to life with a 39.6 cm (15.6") diagonal high definition, micro-edge display. The barely visible bezel revolutionizes your touch display by letting a larger screen fit into a smaller frame.

### Security in a class of its own

Enhanced security features like integrated IR camera, fingerprint reader, and Privacy Camera Kill Switch keeps you secure and your information private.

## Featuring

### Windows 10

Do great things confidently with the familiar feel of Windows – only better. Be more secure, more productive, and get more personal with preinstalled features and enhancements like Windows Hello and Cortana. [2]

### 8th Generation Intel® Core™ processor

Upgrade performance with smooth system responsiveness and fast load times for an exceptional PC experience. Supporting resolution up to stunning 4K, stream premium content, or even create your own. [3]

### NVIDIA® GeForce® MX150 graphics

Give your multimedia experience a boost over integrated graphics with fast performance and NVIDIA® Pascal™ architecture. Watch videos, play games, and even edit photos or videos with beautiful quality you only get from dedicated graphics.

### 802.11 a/c (2x2) WLAN & Bluetooth® 5.0

Stay connected to Wi-Fi and to Bluetooth® accessories with wireless technology. [4]

### HP Wide Vision FHD IR Camera

Easily log in through Windows Hello with the infrared sensor. With an 88-degree, wide-angle field of view, you can video chat with your entire family or group of friends in stunning detail. [5]

[1] Windows 10/ MM14 battery life will vary depending on various factors including product model, configuration, loaded applications, features, use, wireless functionality, and power management settings. The maximum capacity of the battery will naturally decrease with time and usage. See [www.bapco.com](http://www.bapco.com) for additional details.

[2] Not all features are available in all editions or versions of Windows. Systems may require upgraded and/or separately purchased hardware, drivers, software or BIOS update to take full advantage of Windows functionality. Windows 10 is automatically updated, which is always enabled. ISP fees may apply and additional requirements may apply over time for updates. See <http://www.microsoft.com>. Some features including voice supported Cortana, inking, and Continuum require more advanced hardware. See [www.windows.com](http://www.windows.com). Apps sold separately.

[3] Multi-core is designed to improve performance of certain software products. Not all customers or software applications will necessarily benefit from use of this technology. Performance and clock frequency will vary depending on application workload and your hardware and software configurations. Intel's numbering is not a measurement of higher performance. 4K content required to view full 4K images. System loading time and responsiveness dependent upon product configuration.

[4] Wireless access point and Internet service required. Availability of public wireless access points limited. The specifications for the 802.11ac WLAN are draft specifications and are not final. If the final specifications differ from the draft specifications, it may affect the ability of the laptop to communicate with other 802.11ac WLAN devices.
