The K3 is the ideal product to print receipts, coupons, kitchen orders, invoices, or tickets. It is elegantly designed and conceived to suit any and all environments: be it high-end retail, fine dining, or warehousing. The K3 is equipped with the highest quality components allowing it to achieve unparalleled print speeds of up to 13" per second, while still maintaining industry leading product reliability.

Built in USB, Serial, and Ethernet along with optional Wi-Fi and Bluetooth ensure the proper interface for any installation. Support for larger than standard paper rolls greatly reduces the number paper swaps, resulting in less interruptions and savings on labor throughout the life of the printer.

FAST PRINTING
Output receipts at a rate of up to 13 inches per second (350mm) saving time with every transaction.

COMPATIBILITY
With the ability to connect via USB, Serial, or Ethernet right out of the box, the K3 is ready for any installation.

WALL MOUNTABLE
Convenient mounting capabilities allow for optimal printer placement.

EASY PAPER LOADING
An auto opening door and easy drop in loading makes roll changes a breeze.

EXTRA LARGE PAPER ROLL
A large then standard paper roll greatly increases time between roll changes saving both time and money.
