Desk Add-On Bundle
with Keyboard Tray, Desk Organizer, and Cable Routing Column

Desk Add-On Bundle
with Keyboard Tray, Desk Organizer and Cable Routing Column

This workspace bundle enhances your desk with three essential add-ons. The large keyboard tray expands your usable surface area, providing 1.67 square feet of space for your keyboard, laptop, mouse, coffee, and more. The organizer tray features 4 separate compartments to keep your office supplies neatly stowed away and on hand. This organizer tray also includes an attachable cover, converting the entire add-on into a satellite mouse-pad. Finally, the flexible cable routing column provides clean threading space for power cables for all of your devices, keeping them organized, untangled, and out of sight. All three add-ons clamp on to your desk without drilling so that you can always rearrange.

Features:

- Heavy-duty metal keyboard and mouse tray
- Organizer tray with 4 separate compartments
- Tray cover-piece doubles as dedicated mouse-pad surface
- Flexible cable routing column keeps cords organized and out of sight
- All components attach to desk or table with no drilling using easy adjustable clamp
- Perfect for home offices, conference rooms, classrooms, and more
