HP Reverb Virtual Reality Headset – Professional Edition (7DH40UT)

Overview

Transform your expectations of VR. With double the resolution, two times the pixels[1], take your content to another level with this ultra-light, ultra-immersive headset that's changing the game.

Lifelike VR like never before

Discover a multi-sensory experience like no other with our next-level headset. A staggering 2160 x 2160 resolution per eye, 114° field of view, plus integrated spatial audio and dual smart assistant supported mics lets you harness the full immersive power of VR.

Worry-free workplace deployment

Lighter, smaller and sleeker than ever

More streamlined and more wearable[1], this super light HMD offers long-lasting comfort, giving you deep immersion and a natural viewing experience in every session. It's innovation worn lightly.

Disrupt your industry, not your workplace. Windows MR and SteamVR compatibility plus integrated Bluetooth® makes for easy syncing and superb controller tracking. All the latest tech, none of the hassle.

[1] Compared to HP Windows Mixed Reality Headset, Professional Edition.
