

Wiremold
PSRC9 Series 2 (51mm) Flush Furniture Feed Fitting
Part No. PSRC9FF2TCGY

The PSRC9 Series of poke-thru style flush service fittings can be applied to multiple Walker Infloor Wire Management Systems using ®Walkerduct Pro Series aftersets 2" [51mm] and above. The fittings can also attach to Walkerduct Pro Series presets 2" [51mm] and higher. They are an excellent solution for bringing single service power or communication directly to the workstation, with multiple fittings required for two or more services at a single location. The fittings are available in a variety of configurations for power, communication and furniture feed applications. The PSRC9 Series delivers the look, quality and functionality desirable in both new and retrofit construction. Applications include commercial office space, educational facilities, libraries and retail stores.

Features & Benefits

Unit complete with link straps, adapter plate and features concentric screw plugs that allow for 1 1/4" or 2" trade size conduit fitting connection.
