

FEATURES

VERSATILE BY DESIGN

Clean lines, contemporary styling and distinctive polished aluminum accents make Luna naturally versatile and effortless to design around.

ERGONOMIC DESIGN

Luna is loaded with ergonomic features, either standard or optional, that offer movement and adjustability. Choose between multiple synchro controls, three arm choices including multi-adjustable and two fixed height arms. Design details including an optional height adjustable lumbar and a standard seat slider provide full adjustability at a budget conscious price.

CHOICE AND DESIGN CAPABILITIES

Luna's two frame and eight mesh colors give designers multiple customization options. A bumper pad on the side of the back frame protects the mesh from hard surfaces. Create your own seating using our online, user-friendly Chair Designer tool, where you can specify everything from textile patterns to frame colors.

DESIGNED WITH COMFORT IN MIND

Experience a chair so comfortable and supportive, you never want to leave it - from the moment you sit down until it's time to head home. Luna works like you do, thanks to subtle details like a wide back frame, height adjustable lumbar, deep seat and breathable supportive mesh that all work together to provide long term comfort and promote correct posture.

ATTENTION TO DETAIL

Design subtlety including texture on the adjustable arm pads and lumbar combined with polished aluminum accents provide high styling. These high design features coupled with ergonomics, make Luna the best value in its class.
