

School-ready and adaptable to every style of learning

Improve learning outcomes, save teachers time, and engage students with our thinnest rugged convertible, the versatile, multi-modal HP ProBook x360 11 G3 Education Edition, enhanced with integrated security and manageability.

HP recommends Windows 10 Pro.

Built for learning in class and on the go

Empower students with a device that's thinner than its predecessor yet still survives everyday bumps with shock-absorbing molded rubber trim, a reinforced power port, Corning® Gorilla® Glass 3, and a pick- and minor spill-resistant keyboard.

Let students learn how they learn best

Give students the freedom to choose how they learn. A 360° hinge allows the device to flip and fold into notebook, stand, tent, and tablet modes, optional dual cameras[2] capture and share in all of them, and an optional pen[3] enhances screen inputs.

Optimized for easy, efficient management and security

Maximize your investment with a serviceable design and integrated software like HP Manageability Integration Kit[4] to manage systems across the OS, HP BIOSphere Gen4[5] for automatic BIOS updates, and embedded TPM to help protect sensitive data.

Featuring

A friendly, familiar OS

Deploy a device with the Windows 10 Pro OS that's already second nature to your students and teachers. [1]

Strike the right balance between battery life and performance

Help teachers and students power through the day with the latest Intel® processors and up to 16 hours and 30 minutes of battery life, our longest battery life among rugged convertibles. [6]

Learn everywhere

Get a hardened device that passes HP's Total Test Process, a 76 cm drop on concrete, and MIL-STD 810G, and has a heathered gray resin design that's easy to grip and keep clean. [7,8,9]

Keep it clean

Help promote cleanliness in the classroom with a keyboard that can be wiped down repeatedly with common household cleaning wipes. [12]

Enhanced interactivity to improve student engagement

Put a new spin on classroom interaction with our most advanced activity light in a rugged convertible. The HP Interactive Light simplifies group breakouts, Q&As, and ID of online status.
