ASUS VivoBook S15

Visuals that inspire

The world's first colorful Ultraportable with ScreenPad™ 2.0

intel CORE i7 8th Gen

15.6" For Younger Crowd

| Innovative ScreenPad | Frameless NanoEdge | ErgoLift Hinge | Extremely Portable | Intel® Core™ i7 processor | Discrete graphic | 3D IR camera | Wi-Fi 6 with Gig+ |
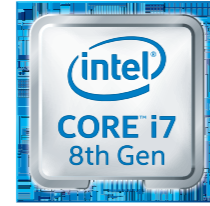

The intelligent touchpad, evolved

The new ScreenPad™ 2.0 upgrades the traditional laptop experience, adding an interactive secondary touchscreen that enhances your productivity and gives you endless possibilities. Its intuitive smartphone-like interface lets you easily manage tasks and create your own seamless multitasking workflow. There's a series of handy ASUS utility apps to boost productivity including Quick Key — for one-tap automation of complex keyboard sequences — along with Handwriting, Number Key, Doc Xpert, Slide Xpert and Sheet Xpert.

Powered by Intel® Core™ i7 processor. Intel's most powerful processor for what's coming

Intel, the Intel Logo, Intel Inside, Intel, Intel Core, and Core Inside are trademarks of Intel Corporation or its subsidiaries in the U.S. and/or other countries.

Never ordinary

It's all about the details with VivoBook S15. It's edgy, setting itself apart by being the first in the range to sport the VivoBook logo on its lid, and its sleek metal chassis stands out with a tactile textured finish. Color-blocking side accents give it a svelte look, and additional design elements include twill-inspired vents for the speakers and cooling system.

Give yourself a lift

3 degree

Open up VivoBook S15 to enter a world of productivity and possibilities. Its precision-engineered ErgoLift hinge has a silky-smooth dual action that holds the display securely at any angle, and slightly tilts the keyboard by 3° to give you a perfect typing position every time.

See and do more on a frameless display

It's time to push the limits of what's possible. The new four-sided NanoEdge design gives VivoBook S15 a frameless, almost-bezel-free display with vast amounts of screen area and extremely immersive visuals, perfect for work or play.

Making everything easy

Your future is what you make of it, and VivoBook S15 has the tools to help you every step of the way. With the very latest Intel® Core™ processors and NVIDIA® discrete graphics at your disposal, you're ready for what lies ahead, be it productive multitasking, multimedia editing, or casual gaming. Intel Wi-Fi 6 with Gig+ (802.11ax) delivers superfast networking speeds for faster large file transfers, responsive online gaming, and super smooth video chats. Hands-free facial login means only you alone can login to your VivoBook S15. Advanced biometrics work seamlessly with Windows Hello, allowing you to wake your laptop and login with a simple look.

5.2 mm Thin bezel   **88 %** Screen to body ratio

ASUS VivoBook S15 S532

- Windows 10 Home / Windows 10 Pro
- Improved **ScreenPad™ 2.0** for smarter productivity and unlimited creative possibilitie
- **Three unique color-blocking design:** Moss Green, Punk Pink, Transparent Silver
- Stylish **VivoBook** logo on lid and edgy design detail
- Up to 15.6" 16:9 Full HD (1920 x 1080) matte display
- **5.2 mm thin bezel** for extremely immersive **88%** screen to body ratio
- **178° wide-view** technology
- Weighs only **1.48 kg**, with a profile of just **18mm**
- Innovative **ErgoLift design** for a desktop-like typing experience and improved system cooling
- Up to **8th Gen Intel® Core™ i7** processor
- Up to **16GB** DDR4 2400MHz RAM
