*Certified using 8 1/2 x 11" 20-lb bond paper and recommended power supply. Requires a 20 amp dedicated line.

centralized office shredder features

safe shredding of CDs / DVDs

On CD-capable models, the electronically controlled shield protects the operator from stray splinters of plastic.

automatic oil injection

On oiler-equipped models, the cutting shafts are automatically lubricated while shredding, ensuring optimal performance.

environmentally friendly bin

Durable, lightweight shred bins can be used with or without disposable bags.

capacity indicator

Patented Electronic Capacity Control (ECC) indicator monitors sheet-capacity levels during operation to prevent jams.

patented safety shield

Electronically controlled transparent safety shield keeps fingers, ties, and other objects away from the cutting shafts.

easy switch

Multifunction control element uses optical signals to indicate operational status, and functions as an emergency stop switch.

1) Super micro-cut shafts and wheels are covered by a one-year warranty.
