

Alumni Balance

Defining: bal·ance
/baləns/

- A condition in which different elements are equal or in the correct proportions.
- Harmony of design and proportion.
- A counteracting weight or force.
- Keep or put (something) in a steady position so that it does not fall.
- Establish equal or appropriate proportions of elements.
- Counteract, equal, or neutralize the weight of importance.

... The context can be different, but the meaning is the same ...
