# Tri-Grip Tablet Security Clasp with Quick-Connect Base and VESA Mount

For 7"-13" Tablets

## Tablet Security Grip with Quick-Connect Base and VESA Mount

This multi-mode tablet security kit gives you fast switches between tabletop, wall-mounted, and handheld setups without ever compromising on theft protection. The unique, slide-adjustable tri-grip security clasp cradles your tablet by its lower corners and top edge. Your tablet stays locked within via a galvanized steel security cable, which attaches at the other end to any permanent fixture (including onto either of the two mounting bases). The holder is also equipped with a quick-connect slide piece, which slides easily onto other ends on the included tabletop display mount and VESA ready wall-mount plate. The holder releases with the simple press of a button.

### Features:

- Quick-connect mechanism allows fast switches between handheld, desktop display, and wall mount modes
- Quickly connect tablet security clasp to stand base or wall mount, locking to either with security cable
- Resizable tri-grip security clasp protects tablet from theft
- 360-degree rotation and angle adjustment in wall and tabletop modes
- Security clasp compatible with cases up to 1.125 inches thick
- Compatible with 7-13 inch tablets, including 12.9-inch iPad Pro (2018), iPad mini, iPad Gen. 6 (2018), Galaxy Tab S4 10.5", and more

### Specifications:

- Tablet clasp dimensions: 6" x 9" x 2.125"
- Base dimensions: 5.5" x 4.75" x 7"
- VESA plate dimensions: 4.25" x 4.25"
- Wall mount distance from wall: 4"
