

# Compact USB C to VGA Adapter - 1080p USB Type-C to VGA Video Display Converter with Keychain Ring - Active USB-C DP Alt Mode to VGA Monitor Dongle - Thunderbolt 3 Compatible

Product ID: CDP2VGAFC

This compact USB-C™ to VGA adapter offers an ultra-portable solution for connecting your USB Type-C laptop or device to a high-definition VGA monitor, projector or other display. The converter is equipped with a removable, quick-connect keychain ring that easily attaches to your laptop or projector bag, maximizing portability.

For added convenience, this USB-C adapter is also available with [Mini DisplayPort](#), [DisplayPort](#) or [HDMI](#) outputs.

## Perfect Travel Companion

This lightweight USB-C to VGA display adapter can easily be taken with you wherever you go. It conveniently attaches to your carrying case and is small enough to fit in your pocket, making it ideal for BYOD (Bring Your Own Device) applications at the office or road warriors who need to connect on the go.

It's the perfect solution for:

- Delivering professional presentations while in the office or traveling
- Connecting your smartphone or tablet to a VGA monitor
- Hot-desking environments

### **Keep Your Adapter with You**

Avoid misplacing your display adapter with the attached keychain that securely snaps to your carrying case so you can always keep it with your devices; the keychain can easily be removed or reattached to the adapter so you can customize it to your preference and need. The adapter also features a built-in 1.3" flex cable that has a folding design, adding to the compact form factor.

### **Plug-and-Play Connectivity**

To ensure a hassle-free connection, this video adapter works with all your Mac and Windows USB Type-C devices and is also compatible with Thunderbolt 3™. It requires no additional software or drivers, supporting true plug-and-play connectivity.

CDP2VGAFC is backed by a StarTech.com 3-year warranty and free lifetime technical support.

### Certifications, Reports and Compatibility

### Applications

- Connect to any VGA monitor or projector when you're in the office or traveling
- Connect your USB-C equipped tablet or smartphone to a legacy VGA display
- Add a secondary monitor to your workstation
