Patented Design

Slim, magnetic mounting system allows the screen to be attached and removed quickly and easily, while allowing your laptop to close and enter sleep mode without removing.

Ideal Solution for Slim Bezel or Edge-to-Edge Displays

Unique design allows for unobstructed viewing.

Limited Viewing Angle

Narrows the field of vision to +/- 30 degrees, helping you keep the information on your screen private and reducing the chances of a visual data breach in the office or in a public setting.

Blue Light Reduction and Low Reflective Coating

Filters out harmful blue light rays by up to 22%, easing eye strain and reducing the chances of interrupting sleep patterns. Coating reduces glare for improved clarity.

Anti-Bacterial Cleaning Cloth and Protective Case

Helps to keep screen clean and prevent scratches when not in use.

Reversible Viewing

One side has a matte finish to maximize glare reduction and reduce traces of fingerprints. The other side is glossy and provides a clearer view of the monitor.

TAA-Compliant

Supports federal government purchasing protocols.
