

# BIGASSMOUNT100

## Fixed Heavy Duty TV Wall Mount

The BIGASSMOUNT100 is a fixed heavy duty TV monitor mount with a low profile design. It works with monitors that range from 50 to 100 inches with a 220 pound maximum weight capacity. It supports most monitors sold today with VESA mounting points. The low profile design allows you to mount your TV closer to the wall for a cleaner and sleek look. Installing the BIGASSMOUNT100 is an easy process as all hardware is included to properly mount your TV.

- \* Single solid steel construction with built in bubble level for easy installation
- \* VESA range support up to 800x600mm
- \* Spring locks for holding your TV in place with release cords for simple unmounting
- \* Low profile design has your monitor just 1.06" (27mm) from the wall
- \* Includes all hardware necessary for wall and TV mounting (tools not included)
- \* A 3 year manufacturer warranty with free technical support (phone/email)
