

# Kickstand Security Grip Cable

For Surface Pro and Other Laptop/Tablet Hybrids

## Kickstand Security Grip Cable

This combination lock security kit protects your laptop/tablet hybrid, or other device from theft with no drilling or complicated installation. Simply attach the metal security plate to the kickstand of your device. The included steel security cable is attached to the clip grip on the metal plate, unlocking with a built-in, programmable combination lock. The cable loops around a table leg or other permanent fixture at the other end, keeping your device well protected from theft, and making this security kit an excellent fit for classrooms, conference rooms, retail counters, reception desks, and more.

### Features:
