Make any public environment protected and safe with CTA Digital's Heavy-Duty Mobile Sanitizing Station with Automatic Soap Dispenser. This ultra-durable floor stand accompanied by an acrylic glove & mask station has two slots for different size gloves and a bigger opening for masks to be hygienically pulled out by customers. The contactless automatic soap/hand sanitizer dispenser is a must have for any business. It dispenses exactly the right amount without any waste, while letting you see when it's time for a refill through its transparent level checker. Five swivel casters attach to the chrome-plated stand base makes moving this stand a breeze.
