

INTEPLAST GROUP[®]
W. Ralston

2800 Series

High Density

Industrial & Institutional Can Liners

Our 2800 Series Industrial Garbage Bags frosted and black are made from quality high molecular weight - high density resin. Premium quality resins and bag making technology ensure optimum quality control and consistency.

These bags have exceptional strength and are ideal for heavy, wet trash. These bags are roll form and are easily dispensed from the perforated tabs located on the side of each case.

3X
STRONGER

1/3

1/3
SHIPPING, STORAGE
& WAREHOUSING

**SUBSTANTIAL
COST
SAVINGS!**

Advantages of High Density

- 3 times stronger and more durable than ordinary polyethylene liners of the same thickness.
- 2/3 less petroleum based raw material to manufacture.
- 1/3 the thickness of ordinary low density polyethylene liners and 1/3 the weight.
- 1/3 of your ordinary shipping, storage and warehousing costs.
- Substantial cost savings per liner vs. Linear Low Density liners.
- Resistant to extreme temperatures (-40° F to +212° F).

Benefits to Switching

- Significant cost savings vs. LLDPE
- Increase your Invoice value (500/Case LD vs. 1000/Case HD)
- Control Inventory costs as bags are on roll
- Available in Frosted and Black
