

Key Features

- Sleek and slim aluminum alloy design
- Quick and easy installation
- Versatile lockable caster wheels

Product Description

The ViewSonic® LD-STND-001 is an aluminum alloy floor stand designed exclusively for the ViewSonic 135" All-in-One Direct View LED Display (LD135-151). Its sleek and slim design offers a minimalistic look that blends in modern interiors, while lockable casters provide versatility as a mobile or stationary solution. System integrators can easily install the impressive LED Display on this sturdy and durable floor stand.
