- Modular display installation lowers cost by reducing the amount of labor required
- Sleek, aesthetically appealing design
- Compatible with LD163-181 that creates a sleek and stylish appearance ideal for any professional application

Product Description

The ViewSonic® LD-STND-002 is a mobile cart designed exclusively for the ViewSonic 163" All-in-One Direct View LED Display (LD163-151). Its sleek and slim design looks great and saves space, while large lockable casters provide versatility as a mobile or stationary solution. System integrators can quickly and easily mount the large Direct View LED Display on this sturdy and durable cart.
