

## 2/4/5 Section Toddler Lockers

All Trojan Toddler Lockers are rugged and made with rounded corners to help keep kids safe. Rounded coat hangers and wood-bolt construction make these injury free and indestructible units. The Toddler Locker Corner makes full use of inefficient classroom spaces.

Each unit is made from sustainably sourced Baltic birch - an extremely durable engineered wood. Our UV resistant finish makes them easy to clean and keep hygienic. All Toddler Lockers are warranted for 5 years.

Comes fully assembled. Made in Canada. FSC certified.
