

VESA Wall Mount Arm (Black)

PAD-WMAB

VESA Wall Mount Arm

The functional design of the VESA Wall Mount Arm in Black is the perfect solution for your classroom, conference room, medical office, or any work environment that requires a secure, versatile wall mount for 13-27-inch LED/LCD flat panel monitors.

This monitor mount stands out because of its sleek black powder coat, but really shines in terms of functionality. The mounting plate allows generous 90-degree swivel functionality – to create perfect viewing from anywhere in the room. Two articulating elbow joints provide 12.5-inches' extension. The mounting plate also tilts 15-degrees up and down to create just the right angle. Cables can be neatly routed through the arms. This wall mount is compatible with all VESA-compatible enclosures and holders.

Features:

- VESA joint has a ball joint which tilts and swivels to allow multiple viewing angles
- Adjustable mid-joint and base-joints for horizontal adjustments for optimal setup
- Compact space saving setup and capable of being more flush against the wall
- Portrait and Landscape Orientations
- Mounts to wall using included hardware
- Built-in bubble level for perfect installation
- Works with 13-27-inch LED and LCD flat panel monitors
- Holds up to 33lbs (15kg)
- VESA 75x75 or 100x100-millimeter mounting interface
- Attaches to any VESA-ready tablet case or other device
- Efficient cable routing and management
