

Wired 3.5mm Stereo Headset with Noise Reducing Boom Mic and In-Line Controls

.....

Impressive audio output for rich sound, enhanced bass and impressive clarity for music play, gaming, webinars, voice calling and video conferencing.

Overview:

Aluratek's 3.5mm Stereo Headset with Noise Reducing Boom Mic and In-Line Controls is the perfect fit for music play, gaming, webinars, voice calling and video conferencing. Connect the headset to the 3.5mm (AUX) port on your computer to start chatting with your favorite video calling application. The adjustable boom microphone helps to make conversations on conference calls crystal clear and can be worn on either side of your head. AWH352FB features soft cushioned ear cups and an over the head adjustable headband for all-day wearing comfort.

Features:

- Impressive audio output for rich sound, enhanced bass and impressive clarity for music play, gaming, webinars, voice calling and video conferencing
- Built-in noise reducing boom microphone - makes for better conversation on conference calls
- Adjust the boom mic to the perfect level of your voice - mic can rotate up to 270 degrees so you can place the mic on either side of your head
- Built-in in-line controls on the cord make for easy adjustment of the volume and mute / unmute the microphone
- Lightweight design, soft cushioned ear cups and an adjustable headband for hours of wearing comfort
- Plug-n-Play - Connect the headset to the 3.5mm (AUX) port on your computer or laptop to start chatting with your favorite video calling application
- Limited 1 Year Warranty

High Definition Sound

AWH352FB produces rich, clear sound with enhanced bass for music play, gaming, webinars, voice calling and video conferencing.

Noise Reducing Boom Mic

The boom microphone is flexible and can be adjusted to the perfect level of your voice. Rotate up to 270 degrees so you can place the mic on either side of your head.

Plug-n-Play

Connect the headset to the 3.5mm (AUX) port on your laptop to start chatting with your favorite video calling application. 3.5mm splitter included for use with desktop computers.

In-Line Controls

Built-in controls on the cord make for easy adjustment of the volume and mute / unmute the microphone.

Work Comfortably

Lightweight design, soft cushioned ear cups and an adjustable headband for a comfortable all day fit.
