BUFFALO™

LinkStation™ 700 Series

Securely Store Your Data At Blazingly Fast Speeds

Buffalo's LinkStation 700 series is a reliable and easy-to-use personal cloud that is perfect for storing your most important data in a central location, and while being able to access it securely and easily from anywhere. The LinkStation 700 is available in 2–16TB capacities and supports integration with Dropbox and Microsoft Azure and OneDrive for flexible data storage and backup, as well as being able to securely share your files with anyone, anywhere over the Internet.

The LinkStation 700 series is designed to smoothly handle multiple concurrent data transfers for your home. Native DTCP-IP support allows you to simultaneously stream to multiple DLNA TVs without interruptions. Units also feature a hexa-core processor to smoothly handle intensive multitasking, and the native 2.5GbE port effects 2.5 times faster transfer speed than standard gigabit Ethernet (1GbE), enabling enterprise-level productivity on your network without the need to upgrade to CAT6 cabling.

The LinkStation 700 is bundled with NovaBACKUP for PC and is Time Machine compatible to easily back up data from multiple PC and Mac computers to the same NAS device. Each unit comes with a 2-year warranty and is backed bthiny our award-winning, North America-based 24/7 technical support.

Highlights:

- Available in 1-bay and 2-bay desktop models
- Includes 2.5GbE ready port for increased data transfer speeds without cable instillation
- Pre-tested hard drives included for reliable and easy set-up
- Storage capacity from 2 TB up to 16 TB
- Personal Cloud access from anywhere with WebAccess Cloud Service
- Integrated backup to 3rd party cloud services: Dropbox, Microsoft OneDrive & Azure
- Supported by Windows, Windows Server and Mac® OS
- Stream Video/Music/Photos to multiple TVs with ease
- 2-Year limited warranty including drives
- 24/7 US-based technical support

AT BUFFALO, WE'RE ALWAYS ON

We're working hard at Buffalo to make technology painless for users. That starts with designing products that are reliable and easy to use. Our 24/7 US-based support experts can help de-mystify technology and select the solutions that are right for you. We're also available to resolve questions that may come up during installation or once the solution has been implemented. Our goal is to make things easier for you and to help you be successful – give us a call!
