

ZBook performance, more mobile than ever

Our smallest and lightest ZBook ever provides true mobility for people who push the typical business PC past its breaking point. In the office or in the field, with pro-level performance and a beautiful bright display, you have everything you need to review work and manage projects from anywhere.

HP recommends Windows 10 Pro for business

Manage it on the move

Starting at just 3.1 lbs^[1] our most mobile ZBook is made to move. With 3X faster Wi-Fi[®]^[2], gigabit-class and better battery life^[4], you're equipped for days offsite.

Pro-level performance. To go

Say goodbye to slowdowns. Power through projects and heavy workloads with the latest Intel[®] Core[™] processors and NVIDIA Quadro[®] graphics, certified for pro apps. Open large files and run apps simultaneously for speedy multitasking and productivity.

Featuring

Windows 10 Pro 64

Work without compromising on performance or security with Windows 10 Pro, powered by HP's collaboration and connectivity technology.

Intel[®] Core[™] i5 processor

Experience powerful performance and seamless computing for your everyday tasks and higher performance needs with the Intel[®] Core[™] i5 processor. ^[7]

HP Z Turbo Drive High-speed Storage

Work without limits in any location with local PCIe storage that's up to 6x faster than SATA SSD, and up to 21x faster than traditional HDD storage. ^[8]

HP Fast Charge

Ultra-fast recharge takes you from zero to 50% charge in just 30 minutes. ^[9]

HP Collaboration Keyboard

Launch and manage calls from anywhere using Skype[®] with HP Noise Cancellation and the world-facing third microphone. Shortcut keys, including start/stop call, calendar and screen share, enable efficient and effective collaboration. ^[10]

Spill-resistant Keyboard

Accidents happen - which is why we designed our keyboard with a drain hole, so minor spills flow out the bottom for easy cleanup.

Messaging Footnotes

[1] Weight will vary by configuration.

[2] Based on Wi-Fi 5 80MHz and Wi-Fi 6 160MHz minimum requirements when transferring files between two devices connected to the same router. Requires a wireless router, sold separately, that supports 802.11ax (Wi-Fi 6). Only available in countries where 802.11ax is supported. Wireless access point and internet service required and sold separately. Availability of public wireless access points limited. Wi-Fi 6 is backwards compatible with prior 802.11 specs. The specifications for Wi-Fi 6 (802.11ax) are draft and are not final. If the final specifications differ from the draft specifications, it may affect the ability of the notebook to communicate with other 802.11ax devices.

[4] When compared to HP ZBook 15u G6

[7] Multicore is designed to improve performance of certain software products. Not all customers or software applications will necessarily benefit from use of this technology. Performance and clock frequency will vary depending on application workload and your hardware and software configurations. Intel's numbering, branding and/or naming is not a measurement of higher performance.

[8] For hard drives, GB = 1 billion bytes. TB = 1 trillion bytes. Actual formatted capacity is less. Up to 30GB (for Windows 10) of system disk is reserved for system recovery software.

[9] Recharges the battery up to 50% within 30 minutes when the system is off or in standby mode. Power adapter with a minimum capacity of 65 watts is required. After charging has reached 50% capacity, charging will return to normal. Charging time may vary +/-10% due to System tolerance.

[10] Skype requires Internet access and is not available in China.
