Articulating Desk Mount Arm with PAD-VTH Tablet Holder For iPad Air, iPad (2017) and more

Easily adjusts for horizontal or vertical views

Articulating Desk Mount Arm with PAD-VTH Tablet Holder

This versatile arm mount combines a generous set of three adjustable joints and pivot points with a sturdy hard plastic build and lockable tablet holder to make your tablet centerpiece in any digital workspace. Whether setting up in a classroom, conference room, auditorium, or office, this remarkable arm installs quickly on any desk, countertop, or table, using an adjustable scratch-protected C-clamp mounting system. This kit also includes a simple wall mount that attaches easily with two screws. Customize your setup with 360-degree rotating pivot arm base and at the flexible holder connections. Cables are easily routed along the arms of the mount to keep your work area neat and tidy.

The kit comes complete with CTA's popular PAD-VTH Tablet Security Holder. It attaches to the end of the arm and gives a third tilting joint and 360-degree rotation for portrait or landscape orientation. The Tablet Security Holder is compatible with most medium to large devices.
