Product Description

Burn DVD and CD disks quickly and easily with this exceptional Kanguru External DVD optical disk drive Burner. This Kanguru DVDRW optical disk drive provides high speed DVD and CD burning for PC and Mac users. Dual Layer technology allows you to burn nearly twice as much data (up to 8.5GB) to a single disc, allowing you to create high quality DVDs.

The Super-Speed USB3 DVDRW is a great way to add the ability to burn DVDs and CDs to your computer. The Kanguru DVDRW utilizes USB3 connectivity, providing plug and play ability to virtually any system and the fastest burn speeds ever! Discs are created using "BURN Proof" technology to ensure fast, accurate burns.

Simply plug the drive into an available USB port for instant access to a 24x DVD/RW drive.

**The Kanguru 24x
DVDRW DVD Burner
is TAA Compliant**
