

ADD-PRIVSCN169M14

14" Magnetic Privacy Screen – 16:9 Ratio

Product Description

This is a 14" anti-blue light privacy screen filter created for notebooks and laptops with 16:9 aspect ratio. The filter is matte on one side and glossy on the other, with scratch resistant coating on both sides to prevent scratches and dust. The anti-blue light filter reduces blue-light exposure to decrease eye strain and damage over long periods. It also uses a magnetic tab at the top of the filter paired with magnetic strips to attach to the screen. The filter measures 309x188mm, 0.45mm thick, and has a privacy angle of 30° left and right. This anti-blue light magnetic privacy screen is perfect for all users who work and play off their laptops. These are environmentally friendly products that can be easily disinfected by any popular branded cleaning or alcohol wipes. Our filters are backed by a 1-year warranty.

Specifications

Parameter	Specification
Application	Laptop/Notebooks
Mounting Type	Magnetic w/ Magnetic Strips
Size	(309x188mm) 16:9 ratio 14" diagonal
Thickness	0.45mm
Surface	Matte/Gloss
Transparency	65 ± 5(%)
Blue Light Filtering (Wavelength and %)	55% (440-460nm)
UV Light Filtering	100%
Privacy Angle	30° Left/Right
Function	Privacy, Anti-Glare, Screen Protection
Product Weight	.25lbs

About AddOn Networks

In 1999, AddOn Networks entered the market with a single product. Our founders fulfilled a severe shortage for compatible, cost-effective optical transceivers that compete at the same performance levels as leading OEM manufacturers. Adhering to the idea of redefining service and product quality not previously had in the fiber optic networking industry, AddOn invested resources in solution design, production, fulfillment, and global support.

Combining one of the most extensive and stringent testing processes in the industry, an exceptional free tech support center, and a consistent roll-out of innovative technologies, AddOn has continually set industry standards of quality and reliability throughout its history.

Reliability is the cornerstone of any optical fiber network and is engrained in AddOn's DNA. It has played a key role in nurturing the long-term relationships developed over the years with customers. AddOn remains committed to exceeding industry standards with certifications from ranging from NEBS Level 3 to ISO 9001:2005 with every new development while maintaining the signature reliability of its products.
