

ADD-PRIVSCN169AT24

24" Anti-Blue Light Privacy Screen with Adhesive Tabs – 16:9 Ratio

Product Description

This is a 24" anti-blue light privacy screen filter created for desktop monitors and laptops with 16:9 aspect ratio. The filter is matte on one side and glossy on the other, with scratch resistant coating on both sides to prevent scratches and dust. The anti-blue light filter reduces blue-light exposure to decrease eye strain and damage over long periods. It also uses adhesive tabs which allows the filter to attach to the screen. The filter measures 531x298mm, 0.58mm thick, and has a privacy angle of 30° left and right. This anti-blue light privacy screen is perfect for all users who work and play off their desktop. These are environmentally friendly products that can be easily disinfected by any popular branded cleaning or alcohol wipes. Our filters are backed by a 1-year warranty.

Specifications

About AddOn Networks

In 1999, AddOn Networks entered the market with a single product. Our founders fulfilled a severe shortage for compatible, cost-effective optical transceivers that compete at the same performance levels as leading OEM manufacturers. Adhering to the idea of redefining service and product quality not previously had in the fiber optic networking industry, AddOn invested resources in solution design, production, fulfillment, and global support.

Combining one of the most extensive and stringent testing processes in the industry, an exceptional free tech support center, and a consistent roll-out of innovative technologies, AddOn has continually set industry standards of quality and reliability throughout its history.

Reliability is the cornerstone of any optical fiber network and is engrained in AddOn's DNA. It has played a key role in nurturing the long-term relationships developed over the years with customers. AddOn remains committed to exceeding industry standards with certifications from ranging from NEBS Level 3 to ISO 9001:2005 with every new development while maintaining the signature reliability of its products.
