93°09'09.7"W

The SHAX® 6000 Heavy-Duty Pop-Up Tent - 10x10 is a durable instant shelter providing fast, long-lasting relief from the sun, wind, and rain, with a 10ft X 10ft / 3m x 3m footprint.

The powder-coated steel frame is built to withstand the elements and won't easily bend or rust like aluminum. ABS plastic sliders on the adjustable legs are more durable and easier to adjust compared to other tents that have push-pins. This portable tent offers three different heights ranging from 10ft - 14ft / 3m - 4m.

Made with thick, high-quality 300-denier polyester material, this heavy-duty 10 x 10 canopy also boasts waterproofing polyurethane coating (PU) and UV treatments as well as reinforced corners to withstand tough conditions. A double-vented top allows maximum air flow, while a hi-vis lime option and silver reflective coating on interior provide increased visibility on busy job sites or at events.

A convenient wheel bag is included for easy storage and transport along with four steel ground stakes and four nylon ropes that can be used for added stability.

SHAX® 6000 HEAVY-DUTY POP-UP TENT - 10FT X 10FT / 3M X 3M

- 10 x 10 FOOTPRINT – 10ft x 10ft / 3m x 3m canopy provides 100 square feet of shaded area
- ULTIMATE DURABILITY – Steel frame and reinforced corners on the canopy to withstand tough conditions
