- Weight: 25.7 lbs.

Package includes:

- (1) Stand Body
- (1) Add-on tray with gooseneck and VESA plate
- (1) Base
- (2) Set of Hardware

This kiosk stand makes a bold statement in hotel lobbies, trade shows, sales meetings, retail locations, welcome centers, and any place that requires the right messaging. Insert your graphic with ease into the slots. (We'll provide specs to help you create the right size graphic.) Screw on the base. You'll find ample space behind the graphics panel to route charging cables. At the top of this workstation, you'll find a rugged base for iPad enclosures. The VESA mount attaches easily to any 75 x 75 or 100 x 100-millimeter compatible plate. Simply screw the round base into the top of the workstation to create an iPad stand that not only bends to virtually any angle, but easily rotates for use in both portrait and landscape orientations. Stow charging cables neatly away through the center of the gooseneck and down the body of the stand for constant charging.

VESA Versatility

Flexible Gooseneck for Preferred Angles

Built-in Cable Management
