

ABOVE BOARD

Heckler Whiteboard Mount
for Logitech Scribe
H876

Mount Logitech Scribe to free-standing, rolling, and wall-mounted whiteboards - no tools or holes required.

Features

Rigid aluminum construction.

Compatible with conventional and glass whiteboards and dry-erase boards.

Adjustable clamping mechanism adjusts to clamp to boards from 5mm to 25mm thick.

Rubber pads securely grip your board, and clamping pressure is distributed evenly across the mounting surface.

ADA compliant when mounted to 72-inch tall (above finished floor) whiteboards.

The optional stay-in-place tab ensures Logitech Scribe stays in place when your mobile whiteboards are on the move.

Toolless installation and removal. Share your Logitech Scribe cameras throughout your workplace.

Hides and routes the CAT cable.

Easy installation.

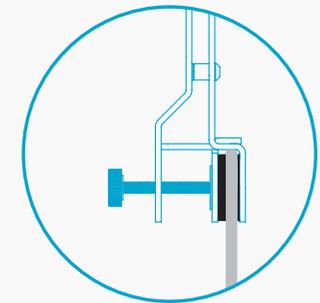

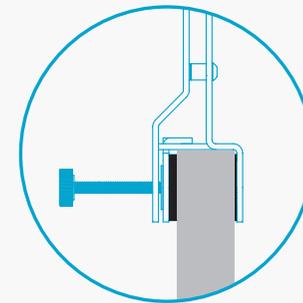

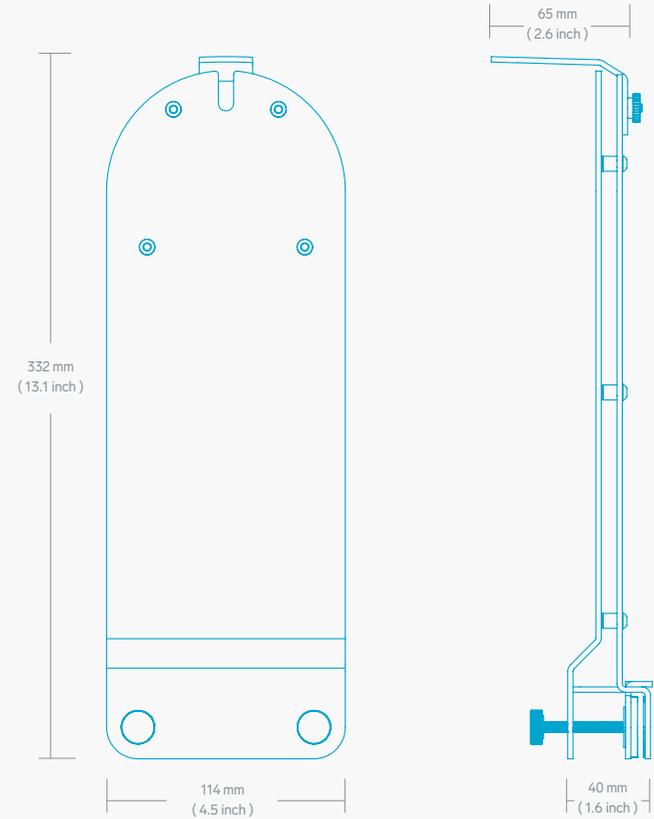

Scratch & fingerprint-resistant powdercoat finish.
