From humble beginnings as a local wooden furniture manufacturer in Stevens Point, Wisconsin, Gamber-Johnson has developed into the **global go-to partner for equipment mounting products.**

This evolution from producing furniture in 1954 to becoming a 21st-century world leader in mounting equipment for electronics was a natural progression, fostered by a company culture of innovation and continuous improvement.

Today, Gamber-Johnson is still proudly “made in Wisconsin” and manufactures mounting components and systems for laptop and tablet computers, radios, light and siren controls, surveillance cameras, point-of-use kiosks, printers, keyboards and other devices — all meticulously designed to be rugged, reliable, and responsive.

Partnering with major technology manufacturers such as Dell, Getac, Panasonic, Samsung, and Zebra is key to this success. Gamber-Johnson is a trusted name in the industry; long known as the go-to partner for major rugged computer OEMs. With more than 25 patents and counting, the company continues to evolve, creating numerous jobs and meaningful opportunities for community stewardship.

As a pioneer in design innovation — receiving numerous awards and accolades as an industry leader — Gamber-Johnson has been the preferred choice of fleet managers for decades. Gamber-Johnson is a worldwide corporation with subsidiaries around the globe, including Precision Mounting Technologies (PMT) in Calgary. Currently, the company exports to more than 45 countries, with installations in thousands of fleets worldwide. Heroes in police, fire and emergency medical services rely on Gamber products every day in order to better protect and serve.

For these significant contributions to vital industries on a global scale, Gamber-Johnson has received numerous

accolades. These include the 2019 Wisconsin Manufacturer of the Year Award, in the Medium Category recognizing the company’s commitment to business excellence which makes a positive impact on the state of Wisconsin; the President’s “E” and “E” Star Awards, recognizing outstanding contributions and growth to U.S. exports; Wisconsin Governor’s Export Achievement Award, which honors the company’s work in furthering Wisconsin’s global economy; and the Cygnus Innovation Award, acknowledging that the company is at the cutting edge of emerging technologies. Gamber-Johnson has been nominated as Wisconsin Manufacturer of the Year eight times and also received the J.P. Leggett Innovator Award from Leggett & Platt, in addition to being named a “Workplace of Distinction” by Corporate Report Wisconsin.

Gamber-Johnson’s dedication to producing products that are rugged, reliable, and responsive is unparalleled. The Gamber-Johnson name has become synonymous with high quality, rugged products that can withstand even the most extreme situations. These products are guaranteed and reliable, hand tested for perfect performance every single time. With a strong focus on customer service, the Gamber-Johnson brand is responsive: offering custom-designed solutions, lightning-fast production and shipping, and working directly with technology partners to ensure the optimum fit, every time.

From the company’s local origins to its modern-day global impact, Gamber-Johnson has continued pursuing its mission — supporting our heroes and saving the world through a laser-like focus on innovation

CRADLES & DOCKING STATIONS

Find the perfect solution in the form of a docking station, which replicates the computer's ports for full peripheral access, or a cradle that offers the utmost stability for crucial assets. Gamber-Johnson offers a large assortment of docking stations and cradles that support computers from the most trusted rugged manufacturers in the market including: Dell, Getac, Panasonic, Samsung, Zebra, and more.

DELL LATITUDE RUGGED LAPTOP DOCKING STATION

(Fits Latitude 14 Rugged/Rugged Extreme and Latitude 12 Rugged Extreme Convertible Laptop)

Features

- Compatible with the Dell Latitude 14 Rugged/Rugged Extreme and Latitude 12 Rugged Extreme Convertible Laptop
- Rugged composite/steel construction with black powder coat finish for long-term durability
- Designed with rounded edges to enhance personal safety
- Front-facing USB 2.0 and microphone/AUX ports
- Rear-facing I/O ports, integrated cable strain relief system, and convenient cable management system
- Floating docking connector with alignment tabs – perfectly align the computer with the docking station for a reliable docking connection
- Internal/protected circuit board protects against dirt and dust
- Small footprint - designed to maximize available space inside of vehicle
- Front adjustable mounting brackets; adjust to fit the Latitude 14 Rugged/Rugged Extreme and Latitude 12 Rugged Extreme Convertible Laptop
- Front-facing latch with keyed lock for theft deterrence:
 - Push the latch to open the docking station
 - Insert computer and push latch closed to dock the computer
- VESA 75 mm mounting pattern
- MIL-STD 810G shock/vibration, RoHS, FCC, CE, and SAE J1455 crash certifications
- 3-Year Limited Warranty

Features

- Compatible with Toughbook 30 and 31 computers
- Panasonic Toughbook Certified utilizing Panasonic Certified electronics
- Interlock mechanism protects against connector damage & prevents engagement until properly mounted
- Floating dock connector and brass locating pins for easy docking activation and reliable connectivity
- Forward facing ports for low mounting capability
- Light-weight composite/Steel design, yet rugged platform for long-term durability
- Simple, one-handed, docking mechanism:
 - Pull side handle forward to dock
 - Unlock the key button to release and undock the computer
- Power supply options:
 - Factory integrated 120W LIND power supply - easier installation and service
 - External 120W LIND auto adapter (7300-0461), sold separately
- Side LED indicator light can be used to troubleshoot in the field:
 - Green: All ports are ready to use
 - Orange: USB and LAN ports not functioning or external power is not connected
 - Red: PC is not supported or connection is not made
 - Red (Blinking): Error has occurred in firmware, contact Panasonic Technical Support
 - Not Lit: PC not installed or PC is Off, Standby or Hibernation
- Gamber-Johnson 2" (5.08 cm) x 4.09" (10.38 cm) mounting hole pattern
- MIL-STD 810G shock/vibration, RoHS, FCC, and SAE J1455 crash certifications
- 3-Year Limited Warranty; Optional 4 and 5-Year Extended Warranty available

Note: Panasonic recommends that the Toughbook 30/31 computers should not be "hot docked" into any docking station.

Port Replicator

- Panasonic certified electronics
- Serial (2) D-Sub 9 Pin
- Ethernet (2)
 - USB Ethernet RJ45
 - True Ethernet* RJ45
- USB 2.0 (5) 4 Pin
- External video D-Sub 15 Pin
- Headphones/speakers Stereo phono jack
- Microphone Mono phono jack
- RF pass-through (optional) TNC

* Note: The True Ethernet will not work with a Toughbook 30 computer

120W Internal LIND power supply (optional)

- Operating temperature: -20°C to 50°C (-4° F to 122° F)
- Non-operating (storage) temperature: -40°C to 85°C (-40° F to 185° F)
- Power output to computer from dock = 120 watts (max)
- Input voltage: 12V DC min to 32V DC max systems
- Output voltage: 15.6V DC-16V no load, 14.5V-15.5V full load
- Under voltage protection: 9.5V min to 10.5V max DC
- Over voltage protection: 33V min to 34V max DC
- Output voltage protection: 17V min to 18V max DC
- Automatic temperature reset
- Reverse polarity protection
- Auto shutdown circuit
- Output current limit
- Load dump
- Input fused

Features

- Compatible with Panasonic 33 Toughbook
- Panasonic Toughbook Certified utilizing Panasonic Certified electronics
- Accommodates either the Toughbook 33 tablet's hand strap or an additional battery pack
- Can be mounted in horizontal or vertical position
- Internal/protected circuit board protects against dirt and dust
- Floating docking connector for reliable docking connection
- Designed with rounded edges to enhance personal safety
- Optional lock (keyed alike) for theft deterrence
- Optional cradle version (no electronics)
- Use LIND 120W automobile power adapter (7300-0462) or LIND 120 W bare wire leads power adapter (7300-0461)
- Easy to use one-handed operation:
 - Insert bottom of computer into the docking station, push top of computer against latch button until latch engages
 - To remove, push up on latch-button with thumb to disengage and pull computer out of the docking station
- VESA 75 mm mounting pattern
- MIL-STD 810G shock/vibration, RoHS, FCC, CE, and SAE J1455 crash certifications
- 3-Year Limited Warranty

Port Replicator

- Panasonic certified electronics
- Serial (1) D-Sub 9-pin
- USB 2.0 (4) 4 Pin (2) front, (2) rear
- USB 3.0 (2) 9 Pin
- Ethernet (2) RJ45
- Antenna switch
- Power supply input 16VDC

Features

- Designed for the Panasonic Toughbook 33 tablet computer
- Panasonic Toughbook Certified utilizing Panasonic Certified electronics
- CNC machined aluminum construction for rugged reliability
- Space saving and ergonomic design improves safety and comfort
- Top mounted USB ports allow compatibility with Clam Shell mounts
- Floating protected docking connector for years of reliable connectivity
- Available with power indicator light when purchased with PSU
- Available with or without dual RF pass-through
- Available in "Lite" or "Full" port replication (with or without VGA and HDMI connections)
- Integrated cable strain relief
- Keyed alike lock for theft deterrence
- Easy, one-handed operation:
 - To dock: Unlock. Lead the bottom of the tablet into the dock using the guide pins for positioning.
 - Push the top of the tablet back into the dock. until top clamp is fully seated on tablet
 - To release: Unlock. Move the top clamp up and away from the tablet. Gently lift the tablet out of the dock
- VESA 75 mm mounting pattern
- MIL-STD 810G shock/vibration, RoHS, FCC, and SAE J1455 crash certifications
- Limited Lifetime Warranty on structural components, 3-Year Limited Warranty on electronics

Features

- Compatible with Panasonic Toughbook 54 and 55
- Panasonic Toughbook Certified utilizing Panasonic Certified electronics
- This docking station accommodates the optional modular expansion area on the Toughbook 54/55 computer
- Rugged composite/steel construction with black powder coat finish for long-term durability
- Special access area for smart card reader makes it easy to insert and eject card
- Spring-loaded plate protects RF connector from damage when computer is not in the docking station. Plate draws back into the docking station when the computer is docked.
- Small footprint - designed to maximize available space inside of vehicle
- Rear-facing I/O ports, integrated cable strain relief system, and convenient cable management system
- Spring-loaded docking connector to ensure connectivity in the roughest terrain
- External antenna switch:
 - Switch set toward outside of dock: Uses exterior antenna
 - Switch set to inside of the dock: Uses laptop antenna
- Front safety bracket and rear corners ensure proper alignment and docking connectivity
- Push button latch with keyed lock for theft deterrence:
 - Push the latch to release the docking connector
 - Insert computer and push latch closed to dock computer
- VESA 75 mm mounting pattern
- MIL-STD 810G shock/vibration, RoHS, FCC, CE, and SAE J1455 crash certifications
- 3-Year Limited Warranty

7160-0818-04	Zebra ET50/55 10" Powered Cradle (POGO Pin Charging)	No - Use LIND Power Adapter (7300-0415)	2.6 lbs 1.2 kg	10" 25.5 cm	10" 25.5 cm	3.4" 8.6 cm

Features

- Compatible with Zebra enterprise tablets with the rugged frame option
- Optional power supply input
- Accommodates expansion back of the ET50/55 to easily add accessories like a scanner, hand strap, battery bay, or stylus
- Front camera on ET50/55 accessible when the tablet is in the cradle
- Compatible with Windows or Android operating systems
- Dual latch/locks provide tablet stability and guide pins align the tablet so it's properly placed in the cradle
- VESA 75 mm mounting pattern
- MIL-STD 810G shock/vibration, RoHS, FCC, and SAE J1455 crash certifications
- 3-Year Limited Warranty

Features

- Compatible with the Zebra Windows L10 xPad hard-handle and xSlate tablet computer
- Zebra Certified utilizing Zebra Certified electronics
- Design accommodates the L10 extended battery, smart card/CAC reader module, True Serial (RS232) module, hard handle, soft handle, and shoulder strap
- Sealed docking connector to protect against moisture
- RS232 - power pin 9 (825mA)
- LED indicator lights show that "tablet is docked" and "dock is powered"
- Access door to internal USB 2.0 port provides additional security
- Floating docking connector for reliable docking activation
- Bottom-facing I/O ports; integrated cable restraint/cable management system
- Optional RF pass-through SMA - (WWAN Main, GPS, WWAN Aux, WIFI Main, WIFI Aux)
- Designed with rounded edges to enhance personal safety
- Composite/aluminum design for reduced weight and durability
- Keyed lock for security and theft deterrence
- Forward facing docking latch/release for easy one-handed operation:
 - Insert bottom of computer into docking station, push top of computer in and pull latch forward until latch engages
 - To remove, lift latch to disengage and pull computer out of docking station
- VESA 75 mm and 50 mm x 100 mm mounting patterns
- MIL-STD 810G shock/vibration, RoHS, FCC, CE, and SAE J1455 crash certifications
- 3-Year Limited Warranty

Port Replication

- Zebra Certified Electronics
- USB 3.0 (2) 9 pin (900mA)

7160-1277-00	Zebra TC8000/TC8300 Non-Powered Cradle (No Electronics)		1.15 lbs 0.52 kg	4.13" 10.49 cm	4.25" 10.8 cm	6.0" 15.24 cm
7160-1277-01	Zebra TC8000/TC8300 Powered Charging Cradle	Use LIND Power Adapters: 12-32V Isolated Power Adapter (7300-0455), 20-60V Isolated Power Adapter (7300-0456), 72-110V Isolated Power Adapter (7300-0483)	1.30 lbs 0.59 kg	4.13" 10.49 cm	4.25" 10.8 cm	6.0" 15.24 cm

NEW

7160-1277-01

Features

- Compatible with both Zebra TC8000 and Zebra TC8300 Handheld Touch Computers
- Lightweight, small form factor designed to be resilient and reliable in harsh material handling and enterprise environments
- Patented slam latch technology allows single handed operation to effortlessly remove the device
- Eliminate daily battery exchanges and device downtime by maintaining charge within your mobile work environment
- Reduce costly damages by safely securing your device
- Included lock for theft deterrence and extra device security
- Offers the ability to utilize the device when secured
- Easy one-handed operation:
 - To dock: Insert top of the scanner into the dock at a 45 degree angle until the top of the scanner hits the inside edge of the dock
 - Lower the handle portion of the scanner into the dock until latch pops over front surface of the scanner
 - To release: Push the thumb latch to the left and pull outward on the scanner handle
- Attach to a Gamber-Johnson mounting system using the AMPS hole pattern
- MIL-STD 810G shock/vibration, RoHS, FCC
- 1 Year Limited Warranty

ZEBRA TC5X SERIES CRADLES

Item No.	Description	Power Supply	Weight	Height	Width	Depth
7160-1497	Zebra TC5x Non-Powered Cradle (No Electronics)		0.25 lbs 0.11 kg	7.96" 20.21 cm	3.58" 9.09 cm	1.63" 4.14 cm
7160-1497-01	Zebra TC5x Powered Cradle	Use LIND Power Adapters: 12-32V Isolated Power Adapter (7300-0466), 20-60V Isolated Power Adapter (7300-0467), 72-110V Isolated Power Adapter (7300-0418)	0.25 lbs 0.11 kg	7.96" 20.21 cm	3.58" 9.09 cm	1.63" 4.14 cm
7160-1497-02	Zebra TC5x Rugged Hub Adapter Cradle	Use Gamber-Johnson's Rugged Video Adapter Hub (7160-1580) for Power Requirements (8-32VDC) and Port Replication	0.25 lbs 0.11 kg	7.96" 20.21 cm	3.58" 9.09 cm	1.63" 4.14 cm

NEW

7160-1497

Features

- Compatible with the Zebra TC5x Series Handheld Touch Computer (Requires Zebra rugged boot SG-TC5X-EX01-01)
- Cradle accommodates the Zebra TC5x hand strap
- Combine Cradle with Gamber-Johnson's Rugged Video Adapter Hub (7160-1580) to obtain USB charging, communications capabilities, and dual screen capabilities
- Lightweight, small form factor designed to be resilient and reliable in harsh material handling and enterprise environments
- Eliminate daily battery exchanges and device downtime by maintaining charge within your mobile work environment (powered cradle/ rugged hub adapter cradle)
- Reduce costly damages by safely securing your device
- Easy one-handed docking and release operation:
 - To dock: Insert bottom of computer into the cradle, push top of computer into cradle until cradle latch clicks into place in the computer
 - To release: Lift latch to disengage and pull computer out of the cradle
- Attach to a Gamber-Johnson mounting system using the AMPS hole pattern
- MIL-STD 810G shock/vibration, RoHS, FCC
- 1 Year Limited Warranty

NEW

7170-0734-09

Features

- Low profile, vehicle specific console box, easily installed without use of drill for the 2020+ Ford Police Interceptor Utility
- Lowered top plate maintains accessibility to optional rear HVAC controls (Ford 17A ordering option)
- Designed with sloped front for ease of use and accessibility to radio and siren controls
- Easy installation requiring no OEM parts to be removed
- Console sits low between the front seats to create a more comfortable workspace
- Mounting holes on top plate allow for easy installation of desired motion attachments
- Low profile creates desirable egress between seats
- Relocation faceplate for OEM 12V, USB, AUX 12V, and switch knockout included
- Included rear wire cover will meet up directly to Ford 85R if present

Vertical Section

- Accommodates 7" (17.78 cm) of mounting space (including OEM relocation panel) or 9" (22.86 cm) NOT including OEM relocation panel

Horizontal Section

- Accommodates 11" (27.94 cm) of mounting space (without internal cup holder)
- Limited Lifetime Warranty

PEDESTAL SYSTEMS

Pedestal systems are an ideal option for vans and trucks that have small console areas, which do not allow adequate space for mounting. With an innovative design and sturdy construction, these products offer maximum reliability, but save on space.

The vehicle base and leg guide makes it easy to identify which vehicle base and leg are compatible with your vehicle. If there is not a vehicle base listed or if you can't find a particular make, model or year on the chart, please contact our sales department at 1-800-456-6868 or at sales@gamberjohnson.com. For the most up-to-date product information, visit our website at www.gamberjohnson.com.

7170-0214 **Kit Includes:** Vehicle Base and the Recommended Pole Solution as Stated Above.
No Substitutions. For More Detailed Information Please Visit our Website.

Features

- Will not interfere with levers or factory installed console
- One offset universal mounting step (DS-STEP) is already included with this vehicle base. However, additional offset universal mounting steps can be ordered to stack on top of each other if needed.
- For extra stability a support brace (7160-0230) is recommended
- Limited Lifetime Warranty

Note: - Rearward travel of the passenger seat is not affected, however there is limited forward seat travel
- Will not work with Chevrolet 3500 with PTO, the recommended base is 7160-0185

2016+ CHEVY TRAX VEHICLE BASE

Item No.	Placement	Drilling Required	Recommended Solution	Weight	Height	Width	Length
7160-0855	Vehicle Base	No	Lower Tube: DS-LOWER-9 Upper Pole: 7160-0178 Support Brace: 7160-0230	7.75 lbs. 3.4 kg	4.80" 12.20 cm	8.75" 22.23 cm	18.50" 46.99 cm

Features

- Easy to install, vehicle specific base for the 2016+ Chevy Trax
- DS-STEP built into the base
- Base attaches to inboard and outboard passenger side seat rails
- Forward seat movement is affected – little to no movement
- Base bolts to passenger side seat rails in existing holes. Seat does NOT have to be removed
- Limited Lifetime Warranty

2018+ CHEVY EQUINOX/GMC TERRAIN VEHICLE BASE

Item No.	Placement	Drilling Required	Recommended Solution	Weight	Height	Width	Length
7160-1322	Vehicle Base	No	Lower Tube: DS-LOWER-9 Upper Pole: 7160-0178 Support Brace: 7160-0230	6 lbs 2.7 kg	8.25" 20.96 cm	6.5" 16.51 cm	19.5" 49.53 cm

Features

- Vehicle specific base for the 2018+ Chevy Equinox/GMC Terrain creates a secure, custom fit
- Easily mounts to existing seat bolts without requiring drilling
- Can be used in conjunction with the OEM center console
- Offset riser brings pedestal system closer to center console maximizing leg room for the passenger
- While this doesn't impact rearward travel of the passenger seat, forward seat travel is limited
- Limited Lifetime Warranty

Item No.	Placement	Height Adjustability	Weight	Height	Width	Depth
7160-0177	Inserts Into: - Any Gamber-Johnson Lower Tube - Vehicle Base that has a Welded Lower Tube	Allows 0.38" to 5.76" (1 - 7 cm) Adjustment Above Lip of Lower Tube	2.8 lbs 1.3 kg	6.22" 18.3 cm	4.31" 10.9 cm	3.0" 7.6 cm
7160-0178	Inserts Into: - 9" Lower Tube (DS-LOWER-9) - 13" Lower Tube (DS-LOWER-13) - Vehicle Base that has a Welded Lower Tube	Allows 0.38" to 5.76" (1 - 7 cm) Adjustment Above Lip of Lower Tube	3.2 lbs 1.5 kg	9.22" 26 cm	4.31" 10.9 cm	3.0" 7.6 cm
Features <ul style="list-style-type: none"> - Allows for closer mounting to the dash when off-set adjustability is not needed - Less stress on the vehicle mounting equipment as weight is centered on the pole - Wrench is needed for loosening, tightening and height adjustment - Limited Lifetime Warranty 						

STANDARD-ADJUSTABLE UPPER POLES

Item No.	Placement	Height Adjustability	Weight	Height	Width	Depth
DS-UPPER	Inserts Into: - 7" Lower Tube (DS-LOWER-7) - 9" Lower Tube (DS-LOWER-9) - 13" Lower Tube (DS-LOWER-13) - Vehicle Base that has a Welded Lower Tube	Allows 0.38" - 5.76" (1 - 14.6 cm) Adjustment Above Lip of Lower Tube	2.6 lbs 1.2 kg	8.00" 20.3 cm	3.5" 8.9 cm	5.8" 14.7 cm
DS-UPPER-M	Inserts Into: - 7" Lower Tube (DS-LOWER-7) - 9" Lower Tube (DS-LOWER-9) - 13" Lower Tube (DS-LOWER-13) - Vehicle Base that has a Welded Lower Tube	Allows 0.38" - 5.76" (1 - 14.6 cm) Adjustment Above Lip of Lower Tube	3.3 lbs 1.5 kg	8.00" 20.3 cm	3.5" 8.9 cm	8.0" 20.3 cm
DS-UPPER-L	Inserts Into: - 7" Lower Tube (DS-LOWER-7) - 9" Lower Tube (DS-LOWER-9) - 13" Lower Tube (DS-LOWER-13) - Vehicle Base that has a Welded Lower Tube	Allows 0.38" - 5.76" (1 - 14.6 cm) Adjustment Above Lip of Lower Tube	4.1 lbs 1.9 kg	8.00" 20.3 cm	3.5" 8.9 cm	12.0" 30.5 cm
Features - Any Motion Attachment can be mounted on top of these upper poles. - Wrench is needed for left/right rotational adjustments and height adjustments - Limited Lifetime Warranty						
Key dimension - Determines how far equipment extends away from pole						

DS-UPPER-M

QUICK-ADJUSTABLE UPPER POLES

Item No.	Placement	Height Adjustability	Weight	Height	Width	Depth
QADJ-UPPER-S	Inserts Into: - 7" Lower Tube (DS-LOWER-7) - 9" Lower Tube (DS-LOWER-9) - 13" Lower Tube (DS-LOWER-13) - Vehicle Base that has a Welded Lower Tube	Allows 0.38" - 5.76" (1 - 14.6 cm) Adjustment Above Lip of Lower Tube	3.1 lbs 1.4 kg	8.25" 21 cm	3.5" 8.9 cm	5.8" 14.7 cm
QADJ-UPPER-M	Inserts Into: - 7" Lower Tube (DS-LOWER-7) - 9" Lower Tube (DS-LOWER-9) - 13" Lower Tube (DS-LOWER-13) - Vehicle Base that has a Welded Lower Tube	Allows 2.18" - 5.76" (5.5 - 14.6 cm) Adjustment Above Lip of Lower Tube	3.3 lbs 1.5 kg	8.25" 21 cm	3.5" 8.9 cm	8.0" 20.3 cm
QADJ-UPPER-L	Inserts Into: - 7" Lower Tube (DS-LOWER-7) - 9" Lower Tube (DS-LOWER-9) - 13" Lower Tube (DS-LOWER-13) - Vehicle Base that has a Welded Lower Tube	Allows 2.18" - 5.76" (5.5 - 14.6 cm) Adjustment Above Lip of Lower Tube	4.1 lbs 1.9 kg	8.25" 21 cm	3.5" 8.9 cm	12.0" 30.5 cm
Features - Any Motion Attachment can be mounted on top of these upper poles. - Convenient lever controls left/right rotational adjustments and height adjustments. Wrench is not needed for adjustments. - Set-collar can be used to stabilize height while rotational adjustments are made - Limited Lifetime Warranty						
Key dimension - Determines how far equipment extends away from pole						

QADJ-UPPER-M

LOW PROFILE BRACKET

Item No.	Placement	Weight	Height	Width	Depth
ABF-KIT	Any Vehicle Base Without a Welded Pole	0.8 lbs 0.4 kg	1.5" 3.8 cm	3.0" 7.6 cm	6.6" 16.8 cm
Features <ul style="list-style-type: none">- Positions equipment low to the floor- Hardware for attaching to console box top plates included- Is not compatible with the following vehicle bases (DS-52, DS-53, DS-56, DS-57, DS-100, DS-138, 7160-0090, 7160-0116, 7160-0133, 7160-0198, or 7160-0248)- Limited Lifetime Warranty					

DS-74

DS-74-L

RACK-TO-POST PLATFORMS

Item No.	Placement	Weight	Height	Width	Depth
DS-74	Secures to any Lower Tube	1.9 lbs 0.9 kg	4.0" 10.2 cm	3.0" 7.6 cm	6.0" 15.2 cm
DS-74-L	Secures to any Lower Tube	2.6 lbs 1.2 kg	3.56" 9 cm	3.0" 7.6 cm	9.38" 23.8 cm
Features <ul style="list-style-type: none">- Provides additional mounting surface for radios, printers and other equipment- Two muffler clamps are included for securing to pole- Pre-drilled holes for use with the following printer mounts (7160-0126, 7160-0392 or 7160-0507)- Limited Lifetime Warranty					

SUPPORT BRACES

Item No.	Placement	Weight	Width	Depth
7160-0230	Pole Clamp Attaches to the Lower Tube, Flattened Surface on Opposite End Secures to Vehicle Floor, Console or Dash	1.1 lbs 0.5 kg	2.3" 5.8 cm	10.3" to 16.3" 26.1 - 41.4 cm
7160-0231	Pole Clamp Attaches to the Lower Tube, Flattened Surface on Opposite End Secures to Vehicle Floor, Console or Dash	1.5 lbs 0.7 kg	2.3" 5.8 cm	10.3" to 35.3" 4.7 - 16 cm
Features <ul style="list-style-type: none">- Designed for ease of installation- Telescoping design allows for precise length adjustment without drilling into the pole- Includes durable aluminum pole clamp that prevents catch points- Increases the mounting system rigidity in rugged driving environments- Limited Lifetime Warranty				

MOBILE WORKSTATION

Featuring a locking storage area for supplies and electronics as well as a platform to mount devices, mobile workstations are ideal for military, government, and utility vehicles.

MOBILE WORKSTATIONS

MOBILE WORKSTATION BOXES

7160-0947

7160-0941

7160-0968

Item No.	Placement	Description	Weight	Height	Width	Depth
7160-0947	Attaches to the floor, between the seats of most vans & trucks	Small workstation box	37.2 lbs 16.9 kg	13.0" 33.0 cm	11.5" 29.2 cm	18.8" 47.8 cm
7160-0941	Attaches to the floor, between the seats of most vans & trucks	Large workstation box	55 lbs 24.9 kg	15.0" 38.1 cm	15.5" 39.4 cm	17.4" 44.2 cm
7160-0968	Attaches to the floor, between the seats of most vans & trucks	Small 9" tall workstation box	25.6 lbs 11.6 kg	9.5" 24.1 cm	12.0" 30.5 cm	16.3" 41.3 cm

Workstation Features

- Heavy gauge steel construction for long-term durability
- Contains locking storage for supplies and devices
- Includes on file holder bracket that can be mounted on either wall or inside the box
- Larger handle to allow easy opening or closing of the door
- Mounting holes on the front accommodates computer mounting brackets or platform
- Includes exterior pocket for binder that can be mounted on back or either side
- Wire access cutouts in box for passing wires into or out of it
- Clip board spring for securing notepads or papers to the top of the workstation box
- Mounting point on the side of the box for legs or Chevy van leg kit
- Can be used with any of the MCS leg kit and top plate
- Limited Lifetime Warranty

WORK TRUCK CONSOLE WITH FILE BOX, CUPHOLDER, AND ARMREST

Item No.	Placement	Weight	Height	Width	Depth
7170-0125	On the 29" console box top plate (7160-0085)	37 lbs 16.8 kg	11.0" to 13.4" 27.9 to 34 cm	9.23" 23.4 cm	32.06" 81.4 cm

Features

- Locking storage for hanging standard file folders, supplies, or other devices
- Armrest can be positioned closer to the driver or passenger during installation
- 9" (22.86 cm) of mounting space with the internal cupholder and is designed to work with both full sized radios and radio control heads
- Mounting holes on the right side of the console for vertical surface mount (DS-138) for computer mounting (sold separately)
- Box attaches to console box top plate
- Sold as a package and there are no substitutions. Includes internal cupholder, break away armrest, and console box top plate
- 3 faceplates and 3 filler panels are included
- Limited Lifetime Warranty

SHORT UNIVERSAL SLOPED CONSOLE BOX KIT WITH FILE BOX, CUP HOLDER, ARMREST, AND TOP PLATE

Item No.	Placement	Weight	Height	Width	Depth
7170-0125-01	On the 29" console box top plate (7160-0085)	46.3 lbs 21.2 kg	12.4" 31.5 cm	9.5" 24.1 cm	30.9" 78.5 cm

Features

- Contains locking storage for supplies and devices
- File box has accommodations for hanging file folders on inside of box
- Large handle for opening and closing file box lid
- Mounting holes on lid for two armrests - one armrest comes with the kit
- Lid opens past 90° for better access to the inside of the box
- Clip board sprint secures notepads or papers to the top of the workstation box
- Lock of file box is incorporated into the latch
- Mounting slots on bottom of the box for mounting to top plate (7160-0085) is part of the kit
- Mounting for 3-4 devices in the front console
- Dual removable cup holders with pen holders
- Limited Lifetime Warranty

Features <ul style="list-style-type: none"> - Low profile universal console with a sloped mounting area - Designed to work with the top plate and leg kits - Computer can be mounted offset towards the passenger or closer to the driver - Fully welded construction for long-term life span - 3 faceplates and 3 filler panels included - Box ships fully assembled (except for accessories) - Add an armrest that mounts off the top plate Horizontal low profile section: <ul style="list-style-type: none"> - Has 4.5" (11.4 cm) of mounting space for an internal cup holder, accessories, or devices - Designed to house full sized devices and accessories Vertical angled section: <ul style="list-style-type: none"> - Accommodates 1 to 2 full sized devices 7.5" (19.1 cm) of mounting space - PEMs for mounting a mic clip (7120-0723) on both sides - Knockout for the USB/AUX input module (16648) or dual USB power port (15371) located on the passenger side - Side vented openings for air flow or mounting a speaker inside the box - Front plate of console underneath the dash has placement area for a power distribution block or a LIND shut-down timer <ul style="list-style-type: none"> - Limited Lifetime Warranty 					

WIDE BODY CONSOLE BOXES

7160-0894

Item No.	Description	Placement	Weight	Height	Width	Depth
7160-0894	Wide body console only	On the 29" console box top plate (7160-0085)	26.4 lbs 12.0 kg	10.9" 27.6 cm	11.8" 30.1 cm	24.8" 62.9 cm
7170-0567-00	Kit Includes: Wide Body Console (7160-0894), Internal Cup Holder (7160-0846), And Pocket (7160-0924)					
7170-0567-01	Kit Includes: Wide Body Console (7160-0894), Internal Cup Holder (7160-0846), Break-Away Armrest (7160-0524), and Pocket (7160-0924)					
7170-0567-02	Kit Includes: Wide Body Console (7160-0894), Internal Cup Holder (7160-0846), Brother Printer Armrest (7160-0430), and Pocket (7160-0924)					
7170-0567-03	Kit Includes: Wide Body Console (7160-0894), Internal Cup Holder (7160-0846), Vertical Surface Mount, and Pocket (7160-0924)					
7170-0567-04	Kit Includes: Wide Body Console (7160-0894), Internal Cup Holder (7160-0846), Break-Away Armrest (7160-0524), Mongoose Motion Attachment (7160-0220), and Pocket (7160-0924)					
7170-0567-05	Kit Includes: Wide Body Console (7160-0894), Internal Cup Holder (7160-0846), and 6-Inch Locking Slide Arm (7160-0500)					

Features

- Low profile universal console with a sloped mounting area
- Designed to work with the top plate and leg kits
- Two 12 volt plug knockouts located on passenger side wall and 1 knockout for switches, dual USB power ports, battery voltage display, data/mic jack, or USB/AUX input module extension
- PEMs for mounting mic clip (7120-0723) on both sides
- Side vented openings for air flow or mounting a speaker inside the console box
- PEMs on back of the console box for mounting external cup holder (7160-0847) or either MCS armrest (7160-0429) or MCS printer armrest (7160-0430)
- Front plate of console under the dash area has placement for a power distribution block or a LIND shut-down timer using pre-configured mounting holes
- Box ships fully assembled (except for accessories)
- Computer can be mounted offset towards the passenger or on the 3-bolt pattern closer to the driver
- Fully welded construction for long-term life span
- 3 faceplates and 3 filler panels included

Horizontal low profile section

- Mounting space length of 11.5" (29.2 cm)
- Designed to house full sized devices and accessories
- Additional 2" (5.1 cm) area to accommodate a pocket, two inch faceplates for switches or power ports, or a smaller device

Vertical angled sections

- Accommodates 1 to 2 full sized devices or faceplates, 5" (12.7 cm) of mounting space
- Two 12 volt plug knockouts located on top passenger side and two knockouts for switches, dual USB power ports, battery voltage display, data/mic jack, or USB/AUX input module extension
- Limited Lifetime Warranty

WORKSTATION CONSOLE BOX WITH 3" AND 5" MOUNTING OPENINGS

7160-0970

Item No.	Placement	Description	Weight	Height	Width	Depth
7160-0970	Mounts directly to the front of the small workstation box	Small workstation radio platform	19.5 lbs 8.9 kg	10.9" 27.6 cm	11.5" 29.2 cm	15.5" 39.5 cm

Features

- Low profile, universal console with sloped front mounting area
- Designed to work with top plate/tunnel plate and leg kits
- PEM's for mounting mic clip (7120-0723) or Magnetic Mic (17040) on both sides
- Access door on passenger side of console for accessing fuse power distribution block tray, like power distribution block with negative bus (7160-0313)
- Side vented openings for air flow or mounting a speaker inside the console box
- Front plate of console (underneath dash area) has placement for a power distribution block or LIND shut-down timer using pre-configured mounted holes
- Computer can be center mounted in two locations: off-set towards the passenger on the 3-bolt hole pattern closer to the driver for easy articulation
- Cutouts located on outside area of the console box to pass cables through for use with small workstation (no legs)
- Fully welded construction for long term product life span
- Box ships fully assembled with 3 faceplates and 3 filler panels. No accessories included.

Horizontal, low profile section:

- Has a 3" (7.62 cm) mounting opening for device like control heads or device less than 4.5" (11.43 cm) in length
- Two knockouts for switches, dual USB power ports, battery voltage display, data/mic jack or USB/AUX input module extension

Vertical, angled section:

- Has 5" (12.7 cm) of mounting space to accommodate 1 to 2 full-sized devices or faceplates.
- Two 12-volt plug knockouts, located on passenger side and two knockouts for switches, dual USB power ports, battery voltage display, data/mic jack or USB/AUX input module extension
- Limited Lifetime Warranty

INDEPENDENT TABLET DISPLAY MOUNT BASE

Item No.	Placement	Weight	Height	Width	Depth
7160-0758	Attaches to the Top Bracket of the Independent Tablet Display Mount (7160-0761) and can be Placed on any Upper Pole, Complete Pole, Center Pole, 3-Hole Pattern Found on a MCS Console System	4.0 lbs 1.8 kg	5.2" - 6.8" 13.2 cm - 17.3 cm	3.0" 7.6 cm	4.5" 11.43 cm

Features

- Independent Tablet Display Mount Base is height adjustable to accommodate the various sizes of tablet computers and docking stations heights
- Base can be used in conjunction with the Mongoose (7160-0220) and the Independent Tablet Display Bracket (7160-0761) to form a solution
- Base attaches to any Gamber-Johnson upper pole or 3-hole pattern found on the MCS console system (ordered separately)
- Limited Lifetime Warranty

INDEPENDENT TABLET DISPLAY MOUNT

Item No.	Placement	Tilt	Rotate	Weight	Height	Width	Depth
7160-0761	Attaches to the Base of the Independent Tablet Display Mount (7160-0758) and to any Tablet Display or Gamber-Johnson Tablet Docking Station with a VESA 75 mm Mounting Hole Pattern	Yes - Total of 53°	360°	2.6 lbs 1.6 kg	9.2" 23.4 cm	4.2" 10.67 cm	5.65" 14.35 cm

Features

- Attaches to the base of the Independent Tablet Display Mount (7160-0758)
- Has four mounting positions that allow the tablet display or tablet docking station to be positioned at the optimal viewing height
- Bracket can be tilted down 160° away from the dash to provide easy access to the controls on the instrument panel
- Docks and Cradles mounted using any 75 mm hole pattern position
- Limited Lifetime Warranty

TALL INDEPENDENT TABLET DISPLAY MOUNT

Item No.	Description	Placement	Weight	Height	Width	Depth
7160-0831	Tall Independent Tablet Display Mount	Attaches to the Base of the Independent Tablet Display Mount (7160-0758) and to any Tablet Display or Gamber-Johnson Tablet Docking Station with a VESA 75 mm Mounting Hole Pattern	2.75 lbs 1.25 kg	12" 30.48 cm	4.2" 10.6 cm	6.02" 15.29 cm

Features

- Taller display bracket helps to increase visibility of screen for driver
- Works best with tablet docks with downward facing ports (i.e. Panasonic Toughbook 33 Tablet docks and cradles)
- Bracket can be tilted down 160° to help with better access around the dock
- Great display bracket to use with Mongoose XLE Independent Display Bracket (7110-1305)
- Multiple VESA 75 mm mounting holes to get the ideal height during install
- Limited Lifetime Warranty

FOLD-UP TABLET AND KEYBOARD MOUNT

Item No.	Description	Placement	Weight	Height	Width	Depth
7160-1445	Tablet and Keyboard Mount / Keyboard Tray Works with Mountable Keyboards and the Quick-Release Keyboard Tray (7160-0857)	Attaches to any 3/8" stud	3.95 lbs 1.79 kg	9.25" 23.5 cm	6.58" 16.71 cm	12.67" 32.18 cm

Features

- Fold-up your keyboard when not in use to make the dock and keyboard mounted compact
- Swivel and/or telescope the keyboard and display together for easy viewing and operation
- Ratcheting handles (2) for swift adjustment of keyboard and display
- Ratcheting handles can also be installed on either side of mount depending on the use case
- Includes friction bearing hardware bag to mount to the center hole located in the 3-hole pattern
- Keyboard and display can tilt to operator's desired position
- Display can tilt to help avoid unwelcome glare
- Bottom portion features three (3) 3/8" holes allowing the user different positions to mount on motion device
- VESA 75 mm threaded PEMS permits the ability to mount to anything that contains VESA 75 mm holes (i.e. clevis' and universal adapter 7160-0454)
- Keyboard contains VESA 75 mm, VESA 50 mm, AMPS, and NEC hole patterns to accommodate various mountable keyboards
- Display features 4 different VESA 75 mm positions to accommodate different size tablet docks and cradles
- Limited Lifetime Warranty

INDEPENDENT ROTATION TABLET DISPLAY MOUNT KIT

Item No.	Included in Kit	Weight	Height	Width	Depth
7170-0514	Independent Tablet Display Mount (7160-0761), Mount Base (7160-0758), Mongoose Motion Attachment (7160-0427), Short Clevis with Handle (7160-0783), Low Profile Quick Release Keyboard Tray (7160-0857)	15.0 lbs 6.8 kg	14.4 - 16.0" 36.6 - 40.6 cm	7.5" 19.1 cm	14.4" 36.6 cm
7170-0514-01	Tall Independent Tablet Display Mount (7160-0831), Mount Base (7160-0758), Mongoose Motion Attachment (7160-0427), Short Clevis with Handle (7160-0783), Low Profile Quick Release Keyboard Tray (7160-0857)	15.15 lbs 6.87 kg	17.4" - 19" 44.20 cm - 48.26cm	7.5" 19.05 cm	14.4" 36.58 cm

Features

- Can be mounted on either a Gamber-Johnson upper pole or directly to a console box (mission control system) with a 3-hole pattern
- Rotate the tablet and keyboard independent of each other
- Quick release keyboard comes with built-in optional heavy-duty key lock to keep the keyboard from being removed
- Can be tilted up to 160° down from the dashboard so you have access to controls on the instrument panel
- Has four mounting positions to accommodate various sizes of tablets and docking stations
- Can be used with any tablet or tablet docking station with a VESA 75mm hole pattern
- Tall Independent Rotation Tablet Display Mount Kit (7170-0514-01) is taller to accommodate different tablet docks and offer more height
- Limited Lifetime Warranty

7160-0500	Any Upper Pole, Compatible Pole, Center Pole, Low Profile Bracket, or Directly to any Flat Surface	Yes - includes a standard Clevis	Yes - Up to 90° fore/ 26° aft	Motion Attachment - 360° Entire Arm - 360° can lock at every 15°	Yes - Up to 5.5" fore/aft	4.9 lbs 2.2 kg	4.59" 11.7 cm	7.23" 18.4 cm	9.39" 23.9 cm
7160-1160	Any Upper Pole, Complete Pole, Center Pole, Low Profile Bracket, Gamber-Johnson Console Box via 3-Hole Pattern or Directly to any Flat Surface	Yes - includes a Short Clevis	Yes - Up to 45°	Motion Attachment - 360° Entire Arm - 360° can lock at every 15°	Yes - Up to 5.5" fore/aft	5.2 lbs 3.1 kg	3.9" 9.9 cm	7.2" 18.4 cm	9.39" 23.9 cm
7160-0502	Any Upper Pole, Compatible Pole, Center Pole, Low Profile Bracket, or Directly to any Flat Surface	Yes - includes a Lowswivel	No - Motion Attachment has a fixed angle of 10°	Motion Attachment - 360° Entire Arm - 360° can lock at every 15°	Yes - Up to 5.5" fore/aft	4.7 lbs 2.1 kg	3.94" 9.6 cm	5.25" 13.3 cm	8.69" 22.1 cm

Features

- The entire arm can rotate around 360° with locking points every 15°
 - To rotate the arm simply pull the front lever out, rotate to desired position and then release the lever
- Locking slide arm can slide up to 5.5" from the center of the pole
- Clevis Motion Attachment (7160-0500):
 - Tilt capabilities:
 - 90° forward allows for tablets to be easily mounted
 - 26° aft movement
 - Riveted design allows for smoother tilt movement
- Lowswivel Motion Attachment (7160-0502):
 - Tilt capabilities:
 - Fixed 10° angle for low profile mounting solution
- Clevis contains VESA 75 mm and Gamber-Johnson 2X4
- Limited Lifetime Warranty

6" LOCKING SLIDE ARM WITH 3/8" STUD

7160-0514

Item No.	Placement	Motion Attachment Included	Tilt	Rotate	Slide	Weight	Height	Width	Depth
7160-0514	Any Upper Pole, Compatible Pole, Center Pole, Low Profile Bracket, or Directly to any Flat Surface	No - must use Motion Attachment (7110-1200 or 7160-0436)	No	Entire Arm - 360° can lock every 15°	Yes - Up to 5.5" fore/aft	3.63 lbs 1.6 kg	2.43" 6.2 cm	3.66" 9.3 cm	8.74" 22.2 cm

Features

- The entire arm can rotate around 360° with locking points every 15°
 - To rotate the arm simply pull the front lever out, rotate to desired position and then release the lever
- Locking slide arm can slide up to 5.5" from the center of the pole
- Designed to be used with the Gamber-Johnson Clevis with a 3/8" hole (7110-1200) or lowswivel with a 3/8" hole (7160-0436)
- Limited Lifetime Warranty

QUAD-MOTION ATTACHMENTS WITH VESA 75 MM & GAMBER-JOHNSON HOLE PATTERN

7160-0284

Item No.	Placement	Tilt	Swivel	Slide	Weight	Height	Width	Depth
7160-0284	Any Upper Pole, Compatible Pole, Center Pole, Low Profile Bracket, or Directly to any Flat Surface	Yes - up to 90° fore/ 26° aft	Motion Attachment - 360° Entire Arm - Up to 60° right / 60° left	Yes - Up to 3.5" fore/aft	4.66 lbs 2.1 kg	4.16" 10.6 cm	7.23" 18.4 cm	7.91" 20.1 cm
7160-0285	Any Upper Pole, Compatible Pole, Center Pole, Low Profile Bracket, or Directly to any Flat Surface	Yes - up to 90° fore/ 26° aft	Motion Attachment - 360° Entire Arm - Up to 60° right / 60° left	Yes - Up to 5.0" fore/aft	4.88 lbs 2.2 kg	4.16" 10.6 cm	7.23" 18.4 cm	9.50" 24.13 cm

Features

- Two separate pivot points allow for swiveling, sliding, swiveling again and tilting computer to ideal location
- Maximum range of motion allows for comfortable use by both driver and passenger
- Adjustments can be made easily by turning the quick adjustment knob and moving the equipment in the desired position
- Improved sliding plate for smoother forward and backward motion
- Clevis works with the following hole patterns: VESA 75 mm, Gamber-Johnson 2x4, NEC, AMPS
- Limited Lifetime Warranty

6" SLIDE ARM WITH 3/8" STUD

Item No.	Placement	Tilt	Swivel	Slide	Weight	Height	Width	Depth
7160-0782	Any Upper Pole, Complete Pole, Center Pole, Low Profile Bracket, the Universal Portable Base (7160-0033), or any Flat Surface	No - Must Use Motion Attachment (7110-1200 or 7160-0436)	Motion Attachment - 360° Entire Arm - 360°	Yes - Up to 5.0" (12.7 cm) fore/aft	3.05 lbs 1.38 kg	4.0" 10.2 cm	3.63" 9.22 cm	7.91" 20.1 cm

Features

- Can be mounted directly to a flat surface or on any Upper Pole, Center Pole, Low Profile Bracket, Gamber-Johnson console box via 3-hole pattern
- Designed to be used with the Gamber-Johnson Clevis with a 3/8" hole (7110-1200) or lowswivel with a 3/8" hole (7160-0436)
- The entire arm can rotate around 360°
- Maximum range of motion allows for comfortable use by both driver and passenger
- Heavy gauge steel construction for long-term durability
- Black powder coat finish for maximum corrosion resistance
- Limited Lifetime Warranty

6" SLIDE ARM WITH SHORT CLEVIS

Item No.	Placement	Tilt	Swivel	Slide	Weight	Height	Width	Depth
7160-0926	Any Upper Pole, Complete Pole, Center Pole, Low Profile Bracket, the Universal Portable Base (7160-0033), or any Flat Surface	Yes - Up to 45°	Motion Attachment - 360° Entire Arm - 360°	Yes - up to 5.0" (12.7 cm) fore/aft	4.73 lbs 2.15 kg	3.9" 9.9 cm	7.23" 18.4 cm	7.91" 20.1 cm

Features

- Can be mounted directly to a flat surface or on any Upper Pole, Center Pole, Low Profile Bracket, Gamber-Johnson console box via 3-hole pattern
- The entire arm can rotate around 360°
- Two separate pivot points allow for swiveling, sliding, swiveling again, and tilting computer to ideal location
- Maximum range of motion allows for comfortable use by both driver and passenger
- Heavy gauge steel construction for long-term durability
- Black powder coat finish for maximum corrosion resistance
- Clevis works with the following hole patterns: VESA 75 mm, Gamber-Johnson 2x4, NE, AMPS
- Limited Lifetime Warranty

MONGOOSE® - 9" LOCKING SLIDE ARM WITH VESA 75 MM & GAMBER-JOHNSON HOLE PATTERN

Item No.	Placement	Motion Attachment Included	Tilt	Rotate	Weight	Height	Width	Depth
7160-0220	Any Upper Pole, Compatible Pole, Center Pole, Low Profile Bracket, or Directly to any Flat Surface	Yes - Includes a Standard Clevis	Yes - Up to 90° fore / 26° aft	Motion Attachment - 360° Entire Arm - 360° can lock every 15°	6.9 lbs 3.1 kg	4.64" 11.8 cm	7.23" 18.4 cm	11.34" 28.8 cm

Features

- Design is protected by US Patent Number 8,511,629
- The entire arm can rotate around 360° with locking points every 15°
- To rotate the arm simply pull the front lever out, rotate to desired position and then release the lever
- Locking slide arm can telescope 9" to 13" from the center of the pole and allows you to simply push the computer back to the retracted position and it automatically locks into place
- Heavy duty, spring loaded steel, side pin was tested to 50,000+ cycles
- Clevis works with the following hole patterns: VESA 75 mm, Gamber-Johnson 2x4, NEC, AMPS
- Limited Lifetime Warranty

MONGOOSE® - 9" LOCKING SLIDE ARM WITH SHORT CLEVIS

Item No.	Placement	Motion Attachment Included	Tilt	Rotate	Weight	Height	Width	Depth
7160-0928	Any Upper Pole, Complete Pole, Center Pole, Low Profile Bracket, Gamber-Johnson Console Box via 3-Hole Pattern or Directly to any Flat Surface	Yes - Includes a Short Clevis	Yes - Up to 45°	Motion Attachment - 360° Entire Arm - 360° can lock at every 15°	3.63 lbs 1.65 kg	2.43" 6.17 cm	3.66" 9.30 cm	8.74" 22.20 cm

Features

- Design is protected by US Patent Number 8,511,629
- The entire arm can rotate around 360° with locking points at every 15°
- To rotate the arm simply pull the front lever out, rotate to desired position and then release the lever
- Locking slide arm can telescope 9" to 13" from the center of the pole and utilizes the industry first "slam and lock" technology that allows you to simply push the computer back to the retracted position and it automatically locks into place
- Heavy duty, spring loaded steel, side pin was tested to 50,000+ cycles
- Can be mounted directly to a flat surface or on any Upper Pole, Center Pole, Low Profile Bracket, Gamber-Johnson console box via 3-hole pattern
- Two threaded inserts added to the back of the Mongoose to attach the Tablet Display Mount (7160-0494 or 7160-0529)
- Heavy gauge steel construction for long-term durability
- Black powder coat finish for maximum corrosion resistance
- Limited Lifetime Warranty

MONGOOSE® - 9" LOCKING SLIDE ARM WITH 3/8" STUD

Item No.	Placement	Motion Attachment Included	Tilt	Rotate	Weight	Height	Width	Depth
7160-0427	Any Upper Pole, Compatible Pole, Center Pole, Low Profile Bracket, or Directly to any Flat Surface	No - Must use Motion Attachment (7110-1200 or 7160-0436)	No	Entire Arm - 360° can lock every 15°	5.2 lbs 2.4 kg	4.0" 10.2 cm	4.0" 10.2 cm	12.0" 30.5 cm

Features

- Design is protected by US Patent Number 8,511,629
- The entire arm can rotate around 360° with locking points every 15°
 - To rotate the arm simply pull the front lever out, rotate to desired position and then release the lever
- Locking slide arm can telescope 9" to 13" from the center of the pole and allows you to simply push the computer back to the retracted position and it automatically locks into place
- Heavy duty, spring loaded steel, side pin was tested to 50,000+ cycles
- Designed to be used with the Gamber-Johnson Clevis with 3/8" hole (7110-1200) or low swivel with 3/8" hole (7160-0436)
- Limited Lifetime Warranty

15" LOCKING SWING ARM WITH STANDARD CLEVIS

Item No.	Placement	Motion Attachment Included	Tilt	Rotate	Weight	Height	Width	Depth
7160-0341	Any Upper Pole, Compatible Pole, Center Pole, Low Profile Bracket, or Directly to any Flat Surface	Yes - Includes a standard Clevis	Yes - Up to 90° fore/26° aft	Motion Attachment - 360° Entire Arm - 360° can lock every 15°	5.9 lbs 2.7 kg	3.59" 9.1 cm	7.23" 18.4 cm	14.50" 36.8 cm

Features

- The entire arm can rotate around 360° with locking points every 15°
 - To rotate the arm simply pull the front lever out, rotate to desired position and then release the lever
- Ideal for work trucks and vans
- Clevis works with the following hole pattern: VESA 75 mm, Gamber-Johnson 2x4, NEC, AMPS
- Limited Lifetime Warranty

UNIVERSAL ADAPTER

Item No.	Placement	Weight	Height	Width	Depth
7160-0454	Between any Screen/Display or Docking Station with a VESA 75 mm or 100 mm, NEC, AMPS, Havis, Jotto, or PMT Hole Pattern and any Gamber-Johnson Motion Attachment	0.85 lbs 0.4 kg	0.97" 2.5 cm	5.0" 12.7 cm	5.0" 12.7 cm
Features <ul style="list-style-type: none"> - Adapter plate can be mounted to flat surfaces - Built-in cable restraint tie for service loops - Adapter plate includes PEMs for easy installation - Compatible with screens/displays or docking station that utilize the VESA 75 mm or 100 mm, NEC, AMPS, Havis, Jotto, or PMT hole pattern and allows you to attach the Gamber-Johnson standard hole pattern - Limited Lifetime Warranty 					

VESA 75 MM TO GAMBER-JOHNSON ADAPTOR PLATE

Item No.	Placement	Weight	Height	Width	Depth
7160-0794	Between any Screens/Monitors or Docking Stations with VESA 75 mm Hole Pattern to Gamber-Johnson Older Motion Attachments with the Gamber-Johnson 2x4 Hole Pattern	0.8 lbs 0.36 kg	4.0" 10.2 cm	5.0" 12.7 cm	0.75" 1.9 cm
Features <ul style="list-style-type: none"> - Adapter can be used with screens/monitors or docking stations that have threaded stud or threaded inserts - Mounts between the device and the motion attachment - Hardware provided for mounting plate to motion attachment, use hardware from screens/monitors or docking stations to mount to adapter plate - Compatible with screens/monitors or docking stations that utilize the VESA 75 mm hole pattern and allow you to attach to the older Gamber-Johnson motion attachments with the 2x4 hole pattern - Limited Lifetime Warranty 					

zirkona

Our Zirkona product line features an innovative, encapsulated jointer that allows users to rotate their small, lightweight devices (up to 11 pounds depending on the jointer) to the best possible position. This unique flexibility makes it possible to quickly adapt to nearly any application so that the user has an ergonomically correct position and minimal time is wasted fidgeting with repetitive adjustments. Knowing your technology is as secure as it is accessible makes Zirkona the ideal go-to solution.

BUILDING SOLUTIONS WITH ZIRKONA

Device Plate: Available in several mounting designs for unique device adaption, the device plate securely holds your light-weight device in place to complete the Zirkona solution.

Joiner: Our unique encapsulated joiner allows users to rotate their small, lightweight devices easily and effortlessly. Available in two styles (traditional and two-down) and three different sizes to give users increased flexibility for a variety of payloads.

Extension and Adapter (Optional Components): Extensions and adapters allow users to build the most desired solution for their needs. Available in a variety of extension lengths and configurations these pieces of the Zirkona product line are the key to customizability.

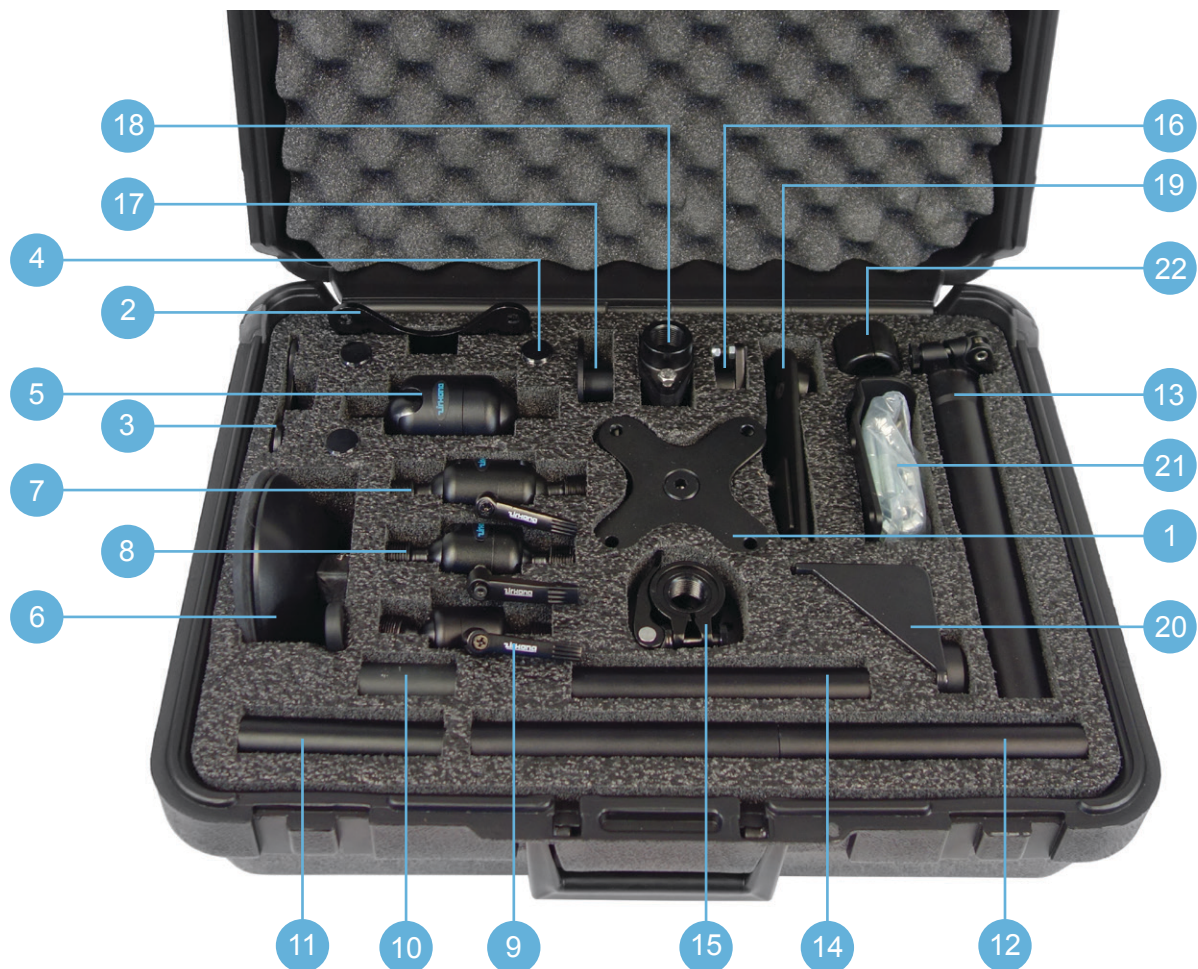

Base Plate: Our wide variety of base plates gives your Zirkona solution the structural integrity it needs to withstand even the most extreme situations.

ZIRKONA SALES CASE

Ensure you have all the most popular Zirkona components on hand to create your own customizable solution for any opportunity that comes your way. This case (7160-1200) includes 22 individual Zirkona components to mix, match and build.

ZIRKONA AMPS ROUND PLATE

Item No.	Description	Placement/Compatibility	Weight	Height	Depth/ Diameter
14144	AMPS Round Plate	Attaches to any Joiner or Male Threaded Adapter (14145)	3.62" 9.19 cm	2.75" 6.99 cm	1.26" 3.20 cm diameter
Features <ul style="list-style-type: none">- Easily threads onto a male threaded adapter or joiner using M20 threads- Holes accommodate up to M6 and 1/4-20 size hardware- Works great on smaller tablet cradles and docks such as: Samsung Tab Active2/Tab Active3, Gamber-Johnson NotePad Touch, Panasonic Toughbook F1/N1, Toughbook L1, Toughbook T1, Zebra L10 and more- Can also be utilized as a base in your mount for a smaller footprint- Recommend use of Loctite® 9460, 9461, or 9466 on all M20 size threads (Loctite not included)- Contains AMPS and NEC Hole Patterns- 1 Year Limited Warranty					

14139

14140

ZIRKONA VESA 75 MM AND VESA 100 MM PLATES

Item No.	Description	Placement/Compatibility	Weight	Height	Width	Depth
14139	VESA 75 mm Plate	Attaches to any Joiner or Male Threaded Adapter (14145)	0.2 lbs 0.09 kg	0.55" 1.4 cm	3.75" 9.53 cm	3.75" 9.53 cm
14140	VESA 100 mm Plate	Attaches to any Joiner or Male Threaded Adapter (14145)	0.25 lbs 0.11 kg	0.55" 1.4 cm	4.75" 12.07 cm	4.75" 12.07 cm
Features <ul style="list-style-type: none">- Easily threads onto a male threaded adapter or joiner using M20 threads- Holes accommodate up to M6 and 1/4-20 size hardware- Works great on smaller tablet cradles, docks, and monitors including, but not limited to: Samsung Tab Active2, Gamber-Johnson's NotePad Touch and TabCruzer Mini, Getac's F110, ZX70, UX10, RX10, T800, Panasonic's Toughbook G1, Toughbook L1, and Zebra L10- Can also be utilized as a base in your mount for a strong base given the wider stance- Recommend use of Loctite® 9460, 9461, or 9466 on all M20 size threads (Loctite not included)- Contains VESA 75 mm hole pattern (14139) and VESA 75 mm, 100 mm hole patterns (14140)- 1 Year Limited Warranty						

ZIRKONA VESA 75 MM DECORATIVE PLATE

Item No.	Description	Placement/Compatibility	Weight	Height	Width	Depth/ Diameter
17238	Decorative Plate - VESA 75 mm	Use as a Base Plate or Device Plate	0.25 lbs 0.45 kg	0.75" 1.90 cm	4" 10.16 cm	4" 10.16 cm
Features <ul style="list-style-type: none">- Easily threads onto a male threaded adapter or joiner using M20 threads- Holes accommodate up to M6 and 1/4-20 size hardware- Works great on smaller tablet cradles, docks, and monitors including, but not limited to: Samsung Tab Active2, Gamber-Johnson's NotePad Touch and TabCruzer Mini, Getac's F110, ZX70, UX10, RX10, T800, Panasonic's Toughbook G1, Toughbook L1, and Zebra L10- Can also be utilized as a base in your mount for a strong base given the wider stance- Contours on the base offer a more finished look to your mounting solution- Base can also be used on the device end- Recommend use of Loctite® 9460, 9461, or 9466 on all M20 size threads (Loctite not included)- Contains VESA 75 mm hole pattern- 1 Year Limited Warranty						

ZIRKONA LIGHT-DUTY WALL MOUNT BASE

Item No.	Description	Placement/Compatibility	Weight	Height	Width	Depth/ Diameter
7110-1227	Light-Duty Wall Mount	Attaches to Walls / Accepts Any Joiner or Male Threaded Adapter (14145)	0.7 lbs 0.32 kg	5" 12.70 cm	2.125" 5.40 cm	3" 7.62 cm (includes handle)

Features

- Pivot pin features the M20 threads allowing the user to use any joiner or extension pole with threaded adapter making the mount versatile
- Threads on top of pivot pin is created for a set screw for secondary thread locking
- Ratchet handle on front allows for adjustability to raise or turn the pivot pin while still being able to lock down
- Made of anodized aluminum making it a light-weight, clean solution
- Recommend use of Loctite® 9460, 9461, or 9466 on all M20 size threads (Loctite not included)
- 1 Year Limited Warranty

ZIRKONA UNIVERSAL WALL MOUNT

Item No.	Description	Placement/Compatibility	Weight	Height	Width	Depth/ Diameter
7110-1228	Universal Wall Mount	Attaches to Walls / Accepts Any Joiner or Male Threaded Adapter (14145)	0.60 lbs 0.27 kg	3.25" 8.25 cm	1.69" 4.29 cm	3" 7.62 cm

Features

- Bracket is gusseted for extra strength
- 3 available mounting holes
- Add an extension, joiner, and adapter plate for a complete solution (Requires 14145 threaded adapter or joiner)
- Black powder coat finish for maximum corrosion resistance
- Recommend use of Loctite® 9460, 9461, or 9466 on all M20 size threads (Loctite not included)
- 1 Year Limited Warranty

ZIRKONA SEAT RAIL BASE

Item No.	Description	Placement/Compatibility	Weight	Height	Width	Depth/ Diameter
7110-1229	Seat Rail	Attaches Inside Passenger Side Seat Rail / Most Seat Rails (does NOT work with powered seats)	1.1 lbs 0.05 kg	1.1" 2.79 cm	2" 5.08 cm	5.88" 14.94 cm

Features

- Fits most seat rails to provide additional mounting capabilities for products
- Sturdy steel construction for increased durability
- Pair with telescoping mount (7110-1230) and desired joiner/plate combination for your vehicle mounting needs
- Requires Threaded Adapter (14145)
- A component of Zirkona's interactive, fully-customizable, mounting solution
- Recommend use of Loctite® 9460, 9461, or 9466 on all M20 size threads (Loctite not included)
- Does NOT work with powered seats
- 1 Year Limited Warranty

ZIRKONA QUICK-RELEASE BASES

Item No.	Description	Placement/Compatibility	Weight	Height	Width	Depth/ Diameter
7110-1225	AMPS Quick Release Base	Attaches to Any Flat Surface / Accepts Any Joiner or the Male Threaded Adapter (14145)	0.30 lbs 0.14 kg	1.25" 3.18 cm	N/A	2.5" 6.35 cm
7110-1263	VESA 75 mm Quick Release Base	Attaches to Any Flat Surface / Accepts Any Joiner or the Male Threaded Adapter (14145)	0.60 lbs 0.27 kg	1.75" 4.45 cm	3.5" 8.89 cm	3.5" 8.89 cm

Features

- Inner sleeve contains roll pin in order to push, twist, and secure the mount in place before clamping
- Grooves in base help align the roll-pin to help keep sleeve in place even when clamp is open
- Padding inside base creates tension between the sleeve and base to reduce vibration and eliminate rattling
- Constructed of anodized aluminum making it light-weight yet durable
- Can be utilized as a base plate or device plate
- Recommend use of Loctite® 9460, 9461, or 9466 on all M20 size threads (Loctite not included)
- Available in either AMPS/NEC base or VESA 75 mm base
- 1 Year Limited Warranty

7110-1225

7110-1263

ZIRKONA SUCTION CUP

Item No.	Description	Placement/Compatibility	Weight	Height	Width	Depth/ Diameter
7110-1232	Zirkona Suction Cup	Mounts on Windows or Flat Surfaces	0.80 lbs 0.36 kg	2" 5.08 cm	N/A	4.75" 12.07 cm
Features <ul style="list-style-type: none">- Mounts to non-porous surfaces for a quick and temporary mount- New material is less susceptible to cold and heat- Simple push and clamp secures the suction cup to the surface- M20 threads matches to any joiner or the 14145 threaded adapter- Recommend use of Loctite® 9460, 9461, or 9466 on all M20 size threads (Loctite not included)- 1 Year Limited Warranty						

ZIRKONA MAGNETIC MOUNT

Item No.	Description	Placement/Compatibility	Weight	Height	Width	Depth/ Diameter
7160-1113	Magnetic Base	Mounts to Magnetic Surfaces	0.44 lbs 0.20 kg	1.18" 2.99 cm	2.88" 7.31 cm	2.88" 7.31 cm
Features <ul style="list-style-type: none">- Easily mount the magnetic base on any flat metal surface and plane- Each magnet has 120 lbs (54.43 kg) of pull force for a total of 360 lbs (163.29 kg) of pull force- Works with the Zirkona product line for light weight cell phones or tablets up to 4 lbs (1.81 kg)- Works with Zirkona parts to customize your configuration- Can be used to for temporary mounting of a device- Constructed of anodized aluminum making it light-weight yet durable- Has 3 magnets for securing the mounting plate via the NEC hole pattern- Recommend use of Loctite® 9460, 9461, or 9466 on all M20 size threads (Loctite not included)- 1 Year Limited Warranty						

NEW

ZIRKONA PIPE CLAMP - SMALL 2" (50 MM)

Item No.	Description	Placement/Compatibility	Weight	Height	Width	Depth/ Diameter
7110-1223	Zirkona Pipe Clamp - Small 2" (50 mm)	Works on Any Stable Pipe or post Ranging from 0.25" (0.64 cm) to 1" (2.5 cm)	0.25 lbs 0.11 kg	2.38" 6.05 cm	1.5" 3.81 cm	2.5" 6.35 cm
Features <ul style="list-style-type: none">- Mounts into tight spaces while providing great strength- Rubber inserts help to stabilize and reduce vibration- Works great for mounting a small tablet or smartphone- Same threads as all Zirkona items making the solution simple to build- Stainless hardware made for more extreme environments- Recommend use of Loctite® 9460, 9461, or 9466 on all M20 size threads (Loctite not included)- 1 Year Limited Warranty						

NEW

ZIRKONA PIPE CLAMP

Item No.	Description	Placement/Compatibility	Weight	Height	Width	Depth/ Diameter
7110-1231	Zirkona Pipe Clamp	Use on Pipe from .5" (1.27 cm) to 1.69" (4.29 cm) in Diameter or Square Posts up to 1.44" (3.66 cm) in Width	0.30 lbs 0.14 kg	3.75" 9.53 cm	1.25" 3.18 cm	2.38" 6.05 cm
Features <ul style="list-style-type: none">- Rubber inserts provide extra gripping power- Threaded connector accepts a variety of Zirkona components- Made of anodized aluminum and rubber- Recommend use of Loctite® 9460, 9461, or 9466 on all M20 size threads (Loctite not included)- 1 Year Limited Warranty						

ZIRKONA DIAMOND PLATE - SMALL

Item No.	Description	Placement/Compatibility	Weight	Height	Width	Depth/ Diameter
7110-1226	Diamond Plate	Mounts to Any Flat Surface Vertical or Horizontal	0.11 lbs 0.05 kg	0.82" 2.09 cm	2.43" 6.16 cm	1.31" 3.33 cm
Features <ul style="list-style-type: none"> - Designed to mount to a flat surface in either vertical or horizontal position - Great for mounting in locations with limited space - Comes with an M5 threaded stud mounting plate for surfaces with 3/8" thick material - M5 threaded stud mounting plate can be removed so that the base can be secured down by itself with a longer hardware (not supplied) or directly in the material - Recommended to be used to secure small accessory equipment utilizing the Zirkona joiner to forklifts - ex. fans, lights, scanners, cell phones, tablets and more - Constructed of anodized aluminum making it light-weight yet durable - Recommend use of Loctite® 9460, 9461, or 9466 on all M20 size threads (Loctite not included) - 1 Year Limited Warranty 						

ZIRKONA BEAM MOUNT

Item No.	Description	Placement/Compatibility	Weight	Height	Width	Depth/ Diameter
7110-1274	Beam Mount	Clamps to Square Metal Tubes and Posts	0.5 lbs 0.23 kg	2.25" 5.72 cm	2.5" 6.35 cm	5.25" 13.33 cm
Features <ul style="list-style-type: none"> - Four (4) set screws and four bolts to accommodate mounting to virtually any flat surface edge - Constructed of heavy-duty steel for a strong mounting base - M20 threads screwed right to base for easy Zirkona solution installation - Bracket with four (4) PEMs can be turned to accommodate thinner or thicker surfaces - Set screws dig into the mounting surface creating a stable base for your solution - Requires 13 mm socket/wrench and 4 mm hex key for installation - Best suited to work with metal - Recommend use of Loctite® 9460, 9461, or 9466 on all M20 size threads (Loctite not included) - 1 Year Limited Warranty 						

4" DIAMOND PLATE MOUNT

Item No.	Description	Placement/Compatibility	Weight	Height	Width	Depth/ Diameter
7160-1235	4" Diamond Plate Mount	Clamps Around Square and Rectangular Posts for Mounting Zirkona	1.8 lbs 0.82 kg	4.68" 11.89 cm	2.5" 6.35 cm	5.75" 14.61 cm
Features <ul style="list-style-type: none"> - Mounts to various thickness of posts - Allows for flexibility in mounting in different position, such as overhead and other locations - Designed to be easily mounted by any installer - Small form factor for smaller tablet and other smaller devices - Recommend use of Loctite® 9460, 9461, or 9466 on all M20 size threads (Loctite not included) - See Material Handling Section for complete solutions - 1 Year Limited Warranty 						

ZIRKONA MARINE MOUNTING PLATE

Item No.	Description	Placement/Compatibility	Weight	Height	Width	Depth/ Diameter
18322	Marine Mounting Plate	Typically Mounts on a Boat to Mount a Fish Finder or Chart Plotter	0.4 lbs 0.18 kg	0.56" 1.43 cm	2" 5.08 cm	6.25" 15.88 cm

Features

- Multiple hole patterns to accommodate various fish finders/chart plotters
- M20 threads attaches to any joiner as well as the 14145 threaded adapter to help make the right solution
- Requires the use of the device bracket for installation
- Small footprint when installed
- When utilized with a quick-release base, your device can easily be removed from your boat or kayak when not in use
- Anodized aluminum for a rust-free mount
- Recommend use of Loctite® 9460, 9461, or 9466 on all M20 size threads (Loctite not included)
- 1 Year Limited Warranty

Recommended Solutions

- Zirkona Quick Release Round Plate (7110-1225)
- Zirkona Large Joiner Only (7110-1236)
- Marine Bracket (18322)

ZIRKONA AMPS ROUND PLATE

Item No.	Description	Placement/Compatibility	Weight	Height	Depth/ Diameter
14144	AMPS Round Plate	Attaches to any Joiner or Male Threaded Adapter (14145)	0.08 lbs 0.04 kg	0.55" 1.4 cm	2.38" 6.05 cm

Features

- Easily threads onto a male threaded adapter or joiner using M20 threads
- Holes accommodate up to M6 and 1/4-20 size hardware
- Works great on smaller tablet cradles and docks such as: Samsung Tab Active2 and Tab Active3, Gamber-Johnson NotePad Touch, Panasonic FZ F1/N1, FZ-L1, FZ-T1, Zebra L10 and more
- Can also be utilized as a base in your mount for a smaller footprint
- Recommend use of Loctite® 9460, 9461, or 9466 on all M20 size threads (Loctite not included)
- Contains AMPS and NEC Hole Patterns
- 1 Year Limited Warranty

ZIRKONA VESA 75 MM AND VESA 100 MM PLATES

14139

14140

Item No.	Description	Placement/Compatibility	Weight	Height	Width	Depth/ Diameter
14139	VESA 75 mm Plate	Attaches to any Joiner or Male Threaded Adapter (14145)	0.2 lbs 0.09 kg	0.55" 1.4 cm	3.75" 9.53 cm	3.75" 9.53 cm
14140	VESA 100 mm Plate	Attaches to any Joiner or Male Threaded Adapter (14145)	0.25 lbs 0.11 kg	0.55" 1.4 cm	4.75" 12.07 cm	4.75" 12.07 cm

Features

- Easily threads onto a male threaded adapter or joiner using M20 threads
- Holes accommodate up to M6 and 1/4-20 size hardware
- Works great on smaller tablet cradles, docks, and monitors including, but not limited to: Samsung Tab Active2, Gamber-Johnson's NotePad Touch and TabCruzer Mini, Getac's F110, ZX70, UX10, RX10, T800, Panasonic's FZ-G1, FZ-L1, and Zebra L10
- Can also be utilized as a base in your mount for a strong base given the wider stance
- Recommend use of Loctite® 9460, 9461, or 9466 on all M20 size threads (Loctite not included)
- Contains VESA 75 mm hole pattern (14139) and VESA 75 mm, 100 mm hole patterns (14140)
- 1 Year Limited Warranty

ZIRKONA QUICK-RELEASE BASES

Item No.	Description	Placement/Compatibility	Weight	Height	Width	Depth/ Diameter
7110-1225	AMPS Quick Release Base	Attaches To Any Flat Surface / Accepts Any Joiner or the Male Threaded Adapter (14145)	0.30 lbs 0.14 kg	1.25" 3.18 cm	N/A	2.5" 6.35 cm
7110-1263	VESA 75 mm Quick Release Base	Attaches To Any Flat Surface / Accepts Any Joiner or the Male Threaded Adapter (14145)	0.60 lbs 0.27 kg	1.75" 4.45 cm	3.5" 8.89 cm	3.5" 8.89 cm

Features

- Inner sleeve contains roll pin in order to push, twist, and secure the mount in place before clamping
- Grooves in base help align the roll-pin to help keep sleeve in place even when clamp is open
- Padding inside base creates tension between the sleeve and base to reduce vibration and eliminate rattling
- Constructed of anodized aluminum making it light-weight yet durable
- Can be utilized as a base plate or device plate
- Recommend use of Loctite® 9460, 9461, or 9466 on all M20 size threads (Loctite not included) (Not Included)
- Available in either AMPS/NEC base or VESA 75 mm base
- 1 Year Limited Warranty

Features

- Two notches (2-down) on each end and 180° from each other help create the "Z" shape for a more flexible solution
- Unique internal braking system allows the user to adjust mount with ease while not having the device fall (weight restrictions apply)
- All axes range of motion in X axis (left/right), Y axis (front/back) and Z axis (up/down)
- Multi-configurable and easily paired with extension tubes of various lengths work to achieve desired reach
- Ultra-smooth movement when positioning your device
- Quick adjust handle for easy adjustment to position the device
- Encapsulated ball design offers theft deterrence
- All metal construction (anodized aluminum) will not deform or degrade
- Medium 2-down joiner holds up to 6 lbs (2.8 kg)
- Large 2-down joiner holds up to 11 lbs (5.0 kg)
- Recommend use of Loctite® 9460, 9461, or 9466 on all M20 size threads (Loctite not included)
- 1 Year Limited Warranty

ZIRKONA 6" DOG-BONE JOINER

NEW

Item No.	Description	Placement/Compatibility	Weight	Height	Width	Depth
7110-1330	6" Medium 2-Down Joiner with Center Swivel Holds up to 6 lbs (2.8 kg)	Inserts into any M20 Female Threads including Extensions, Device Plates, and Base Plates	1 lbs 0.45 kg	5" 12.7 cm	2.35" 5.97 cm	8.90" 22.61 cm

Features

- Extendable length giving users the ability to create several different configurations
- Both ends swivel to allow for unique mounting positions and flexibility
- To set mounting position, simply tighten two (2) set screws in place
- Unique internal braking system allows the user to adjust mount with ease while not having the device fall (weight restrictions apply)
- Adapts to various Zirkona bases and plates to offer countless configurations to create an ideal custom mounting solution
- To set mounting position, simply tighten two (2) set screws in place
- All metal construction (anodized aluminum) will not deform or degrade
- 6" Medium 2-Down Joiner with Center Swivel holds up to 6 lbs (2.8 kg)
- Recommend use of Loctite® 9460, 9461, or 9466 on all M20 size threads (Loctite not included)
- 1 Year Limited Warranty

ZIRKONA EXTENSIONS

Item No.	Description	Placement/Compatibility	Weight	Height	Depth/ Diameter
14141	2" (50 mm) Extension	Accepts any M20 Male Thread size such as Threaded Adapter (14145) and any Joiner	0.05 lbs 0.02kg	2" 5.1 cm	1" 2.54 cm
14142	4" (100 mm) Extension	Accepts any M20 Male Thread size such as Threaded Adapter (14145) and any Joiner	0.45 lbs 0.20 kg	4" 10.2 cm	1" 2.54 cm
14143	6" (150 mm) Extension	Accepts any M20 Male Thread size such as Threaded Adapter (14145) and any Joiner	0.95 lbs 0.43 kg	6" 15.24 cm	1" 2.54 cm
17463	12" (300 mm) Extension	Accepts any M20 Male Thread size such as Threaded Adapter (14145) and any Joiner	0.5 lbs 0.23 kg	4.5" 11.43 cm	1" 2.54 cm

Features

- Extends your mount 2" (50 mm), 4" (100 mm), 6" (150 mm) or 12" (300 mm) for better positioning
- Both ends are threaded with M20 threads
- Threads allow for either a joiner or male threaded adapter
- 1 Year Limited Warranty

*Note: Extensions should be used on base end of mount, not device end as the later would reduce the payload of the joiner

14142

ZIRKONA DOUBLE MOUNT

Item No.	Description	Placement/Compatibility	Weight	Height	Width	Depth
7110-1312	Double Mount	Accepts any M20 Male Thread size such as Threaded Adapter (14145) and any Joiner	0.35 lbs 0.16kg	1.25" 3.18 cm	1.5" 3.81 cm	8" 20.32 cm

Features

- Two M20 threads are 6.25" (15.88 cm) apart on center
- Works well for either a side-by-side or top-bottom solution
- All-Aluminum construction to help make the solution light-weight
- Gives users the ability to mount two devices on one pole system
- Recommend use of Loctite® 9460, 9461, or 9466 on all M20 size threads (Loctite not included)
- 1 Year Limited Warranty

NEW

ZIRKONA SUPPORT BRACES

Item No.	Description	Placement/Compatibility	Weight	Height	Width	Depth/ Diameter
7160-1340	Support Brace - Short	Attaches to Height Adjustable Pole (7110-1230)	1.1 lbs 0.5 kg	N/A	1.5" 3.81 cm	10.3" - 16.3" 26.16 - 41.40 cm
7160-1341	Support Brace - Long	Attaches to Height Adjustable Pole (7110-1230)	1.4 lbs 0.64 kg	N/A	1.5" 3.81 cm	30.38" - 36" 77.17 cm - 91.44 cm

Features

- Telescoping design allows for precise length adjustment without drilling into pole
- Small clamp in middle locks the desired length in place
- Larger clamp has a rubber overmold to grip the adjustable pole
- Increases the mounting system rigidity
- Low-profile clamp reduces bulk to mount
- Does NOT work with Gamber-Johnson poles
- Limited Lifetime Warranty

NEW

ZIRKONA HEIGHT-ADJUSTABLE POLE

Item No.	Description	Placement/Compatibility	Weight	Height	Width	Depth
7110-1230	Height-Adjustable Pole	Attaches inside passenger side seat rail / most seat rails (does NOT work with powered seats)	0.85 lbs 0.39 kg	9.25" 23.49 cm	N/A	1.25" 3.17 cm

Features

- Wider end accepts the 14145 threaded adapter giving the ability to mount to most base plates
- Expands from 9.25" (23.49 cm) - 15.75" (40cm)
- Pair with Zirkona Seat Rail (7110-1229), choice of joiner and device plate for your vehicle mounting solution (Requires 14145 threaded adapter)
- A component of Zirkona's interactive, fully-customizable, mounting solution
- Recommend use of Loctite® 9460, 9461, or 9466 on all M20 size threads (Loctite not included)
- 1 Year Limited Warranty

ZIRKONA MALE THREADED ADAPTER

Features <ul style="list-style-type: none"> - Easy installation - one half attaches to the surface and the other half attaches to the device - 2.5" (6.4 cm) diameter base with NEC and AMPS mounting hole pattern - Adjustable tension lever that can attach or release in seconds - Surface distance to VESA mounting adapter is approximately 2" (5.1 cm) - Anodized aluminum with black finish - Assembly required - VESA 75 mm mounting adapter plate attaches to most devices - Limited Lifetime Warranty 					

ZIRKONA LIGHT DUTY ROTATING WALL MOUNT

Item No.	Description	Weight	Height	Width	Depth
7170-0595	Light Duty Rotating Wall Mount Kit Includes: Zirkona Small Joiner (7110-1234), Wall Mount with Swing Arm (7110-1227), VESA 75 mm Adapter Plate (14139)	1.1 lbs 0.5 kg	4.8" 12.1 cm	1.9" 4.7 cm	7.5" 19.1 cm
Features <ul style="list-style-type: none"> - Wall mount solution for a small display, tablet, or handheld device - 4.25" x 1.87" (12.1 cm x 4.7 cm) mounting plate with 1.4" x 3.7" (3.5 cm x 9.5 cm) hole pattern - 3" (7.6 cm) arm rotates 180° and can be raised or lowered 1.5" (3.8 cm), tension handle locks the arm in place - Tension handle allows you to position the display at the proper angle and keep it in place - Made of rugged black anodized aluminum - Add a 50 mm, 100 mm, or 150 mm extension to increase the range of operation - Assembly required - VESA 75 mm mounting adapter fits most displays - See individual product for warranty details 					

ZIRKONA TALL STATIONARY WALL MOUNT

Item No.	Description	Weight	Height	Width	Depth
7170-0596	Tall Stationary Wall Mount Kit Includes: Wall/Ceiling Mounting Bracket (17245), Threaded Adapter (14145), 100 mm Extension Tube (14142), Zirkona Small Joiner (7110-1234), VESA 75 mm adapter plate (14139)	1.3 lbs 0.6 kg	10.0" 25.4 cm	3.8" 9.5 cm	4.1" 10.5 cm
Features <ul style="list-style-type: none"> - Easy to install by mounting to a wall or other solid surface - 3.3" x 1.7" x 2.9" (8.3 cm x 4.3 cm x 7.3 cm) steel mounting bracket - 100 mm extension used to increase the range of operation - more can be used if necessary - Tension handle allows you to position the display at the proper angle then tighten handle to keep it in place - Black anodized aluminum and powder coat finish - Assembly required - VESA 75 mm mounting adapter fits most displays - See individual product for warranty details 					

ZIRKONA HEIGHT ADJUSTABLE EXTENDING WALL MOUNT

Item No.	Description	Weight	Height	Width	Depth
7170-0597	Height Adjustable Extending Wall Mount Kit Includes: Wall Mount (17246), Dual Articulating Arms with Adjustable Height and Zirkona Medium Joiner (14141), VESA 75/100 mm Adapter Plate (14140)	6.6 lbs 3.0 kg	16.0" to 24.0" 40.6 cm to 61.0 cm	10.0" to 16.5" 25.4 cm to 41.9 cm	4.0" 10.2 cm
Features <ul style="list-style-type: none"> - Wall mount solution for a large display or tablet - 4" x 5" (10.2 cm x 12.7 cm) steel base with 3" x 4" (7.6 cm x 10.2 cm) mounting hole pattern - Articulated joiner with tension handle allows you to position the display at the proper angle and keep it in place - Anodized aluminum and steel black finish - Assembly required - VESA 75/100 mm mounting adapter fits most displays - See individual product for warranty details 					

ZIRKONA DUAL ARTICULATING ARM WITH MEDIUM JOINER

Item No.	Description	Placement/Compatibility	Weight	Height	Width	Depth/ Diameter
7110-1246	Dual Articulating Arm with 2-Down Medium Joiner (7110-1259)	Desktop or Wall Application for a Large Display, Tablet, or Docking Station When Additional Adjustability is Needed	3.70 lbs 1.68 kg	16" - 24" 40.64 cm - 60.96 cm	17" 43.18 cm (Fully Extended)	1.56 3.96 cm (Largest Pole)
Features <ul style="list-style-type: none"> - Dual Articulating Arm mounts to either Desktop Base (7110-1316) or Wall Mount Base (17246) providing a great solution for your monitor and workspace - Add flexibility to your desktop or workstation without a large footprint - Dual pivoting arms help adjust your device to the right height and reach to each user - Designed for single monitor or docking station use - Tension handles lock pedestal height and articulated arms in place - Articulated joiner with tension handle - position display for the proper viewing angle - Includes hardware to attach to base - Base pedestal and inside pedestal with extended arm is constructed of steel - Height-adjustable pedestal 16" - 24" (40.6 cm - 61.0 cm) - Articulating arm extend 16.5" (41.91 cm) from the main pedestal - Outside extended arm constructed of anodized aluminum - Recommend use of Loctite® 9460, 9461, or 9466 on all M20 size threads (Loctite not included) - 1 Year Limited Warranty 						

ZIRKONA MEDIUM JOINER WITH TWO ROUND PLATES

Item No.	Description	Placement	Weight	Height	Width	Depth/ Diameter
7160-0993	Medium Joiner with Two Round Plates	Mounts to Any Flat and Stable Surface. May Require Drilling. Holds Devices with AMPS or NEC.	0.63 lbs 0.29 kg	4.75" 12.06 cm	2.25" 5.72 cm	2.25" 5.72 cm
Features <ul style="list-style-type: none">- All axes range of motion in X axis (left/right), Y axis (front/back) and Z axis (up/down)- Quick adjust handle for easy adjustment to position device- Ships assembled and glued- Anodized aluminum with black finish making it lightweight but durable- Maximum weight limit: 6.0 lbs (2.8 kg) in a vibration/mobile environment or 33 lbs (15 kg) in a static/no vibration environment- Includes: (1) Medium Joiner and (2) AMPS Round Plates- May require drilling- 1 Year Limited Warranty						

ZIRKONA MEDIUM JOINER WITH TWO VESA 75 MM MOUNTING PLATES

Item No.	Description	Placement	Weight	Height	Width	Depth/ Diameter
7160-0865	Medium Joiner with Two VESA 75 mm Plates	Mounts to Any Flat and Stable Surface. May Require Drilling. Holds Devices with VESA 75 mm Hole Pattern.	0.80 lbs 0.36 kg	5.75" 14.61 cm	4.88" 12.40 cm	4.88" 12.40 cm
Features <ul style="list-style-type: none">- All axes range of motion in X axis (left/right), Y axis (front/back) and Z axis (up/down)- Quick adjust handle for easy adjustment to position device- Ships assembled and glued- Anodized aluminum with black finish making it lightweight but durable- Maximum weight limit: 6.0 lbs (2.8 kg) in a vibration/mobile environment or 33 lbs (15 kg) in a static/no vibration environment- Includes: (1) Medium Joiner and (2) VESA 75 mm Plates- May require drilling- 1 Year Limited Warranty						

ZIRKONA MEDIUM JOINER 2" (50 MM) WITH AMPS AND VESA 75 MM PLATES

Item No.	Description	Placement	Weight	Height	Width	Depth/ Diameter
7160-0779	Medium Joiner 2" with AMPS and VESA 75 mm Plates	AMPS Plates Mounts to Any Flat and Stable Surface. May Require Drilling. Holds Devices with VESA 75 mm Hole Pattern.	0.75 lbs 0.34 kg	6.5" 16.51 cm	4.88" 12.40 cm	4.88" 12.40 cm
Features <ul style="list-style-type: none">- All axes range of motion in X axis (left/right), Y axis (front/back) and Z axis (up/down)- Extension tube for extra height off mounting surface- Quick adjust handle for easy adjustment to position device- Ships assembled and glued- Anodized aluminum with black finish making it lightweight but durable- Maximum weight limit: 6.0 lbs (2.8 kg) in a vibration/mobile environment or 33 lbs (15 kg) in a static/no vibration environment- Includes: (1) Medium Joiner, (1) VESA75 mm Plate, (1) AMPS Round Plate, (1) Threaded Adapter, and (1) 2" (50 mm) extension- AMPS round mounting plate provides two standard mounting hole patterns; AMPS and NEC- Device plate is VESA 75 mm- May require drilling- 1 Year Limited Warranty						

ZIRKONA MEDIUM JOINER 4" (100 MM) KIT WITH ROUND PLATES

Item No.	Description	Placement	Weight	Height	Width	Depth/ Diameter
7170-0156	Medium Joiner 4" (100 mm) Kit with AMPS Round Plates	AMPS Plates Mounts to Any Flat and Stable Surface. May Require Drilling. Holds Devices with AMPS/NEC Hole Pattern.	1.05 lbs 0.5 kg	9.64" 24.4 cm	3.38" 8.6 cm	2.38" 6.1 cm

Features

- All axes range of motion in X axis (left/right), Y axis (front/back) and Z axis (up/down)
- Extension tube for extra height off mounting surface
- Quick adjust handle for easy adjustment to position device
- Ships unassembled - Recommend use of Loctite® 9460, 9461, or 9466 on all M20 size threads (Loctite not included)
- Anodized aluminum with black finish making it lightweight but durable
- Maximum weight limit: 6.0 lbs (2.8 kg) in a vibration/mobile environment or 33 lbs (15 kg) in a static/no vibration environment
- Includes: (1) Medium Joiner, (2) AMPS Round Plate, (1) Threaded Adapter, and (1) 4" (100 mm) extension
- AMPS round mounting plate provides two standard mounting hole patterns; AMPS and NEC
- May require drilling
- 1 Year Limited Warranty

ZIRKONA MEDIUM JOINER, ROUND MOUNTING PLATE AND FEMALE THREADED ADAPTER KIT

Item No.	Description	Placement	Weight	Height	Width	Depth/ Diameter
7170-0691	Medium Joiner, Round Mounting Plate and Female Threaded Adapter Kit	Threaded Adapter Mounts to Any Flat and Stable Surface. May Require Drilling. Holds Devices with AMPS/ NEC Hole Pattern.	0.57 lbs 0.26 kg	2.38" 6.05 cm	3.5" 8.89 cm	4.5" 11.43 cm

Features

- Ideal for holding light weight devices, like cell phones, GPS's, small displays or small light weight tablets
- Kit allows for mounting on a solid surface with the Female Threaded Adapter (17394), like metal, aluminum, wood, or thicker rigid plastic
- M6 hardware required for mounting Female Threaded Adapter. Hardware not provided.
- Medium joiner allows for the device to be mounted in a position for easy viewing.
- Anodized aluminum with black finish making it lightweight but durable
- Includes: (1) Medium Joiner, (1) AMPS Round Plate, (1) Female Threaded Adapter
- AMPS round mounting plate provides two standard mounting hole patterns; AMPS and NEC
- May require drilling
- Ships unassembled - Recommend use of Loctite® 9460, 9461, or 9466 on all M20 size threads (Loctite not included)
- 1 Year Limited Warranty

MAXIMUM PAYLOAD CAPACITY

Determining the correct size joiner for your set up is essential for designing the perfect mounting solution for your needs. Each joiner has a specified weight rating, in both static and vibration environments, to help ensure your device will mount as intended and standup in harsh environments for the long haul. To learn more about our entire Zirkona offering visit gamberjohnson.com/Zirkona.

VIBRATION ENVIRONMENT	Small Joiner	Medium Joiner	Large Joiner	Medium 2-Down Joiner	Large 2-Down Joiner	6" Medium 2-Down Joiner
	Item No. 7110-1234	Item No. 7110-1235	Item No. 7110-1236	Item No. 7110-1259	Item No. 7110-1260	Item No. 7110-1330
	Holds up to 3 lbs / 1.4 kg	Holds up to 6 lbs / 2.8 kg	Holds up to 11 lbs / 5.0 kg	Holds up to 6 lbs / 2.8 kg	Holds up to 11 lbs / 5.0 kg	Holds up to 6 lbs / 2.8 kg
	Holds up to 22 lbs / 10 kg	Holds up to 33 lbs / 15 kg	Holds up to 55 lbs / 25 kg	Holds up to 33 lbs / 15 kg	Holds up to 55 lbs / 25 kg	Holds up to 33 lbs / 15 kg
STATIC ENVIRONMENT						

- **Warning:** Extension tube will lower the overall payload rating of the joiner. The longer the extension pole, the lower the overall rating for the joiner.
 - Lower the maximum payload by 20% for every 2" (50 mm) of extension tube.
Example: 6" (150 mm) extension = reduce maximum payload by 60%
- **Note:** Neither the 12" (300 mm) tube nor the small joiner should be used for mounting TV screens.

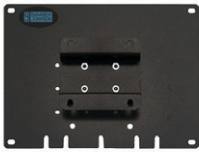

LOGISTIC MOUNTS

Gamber-Johnson's logistic products bundled with a tablet or hand-held computer offer a safe and ergonomic solution when on the road for ultimate peace of mind. Our numerous cradle options offer all-day charging capabilities and our mounts are easy to install and provide a sturdy platform for a variety of devices.

SHORT OVERHEAD GUARD MOUNTS

Item No.	Description	Placement	Movement Capabilities	Weight	Height	Width	Depth
7160-0585	Short Overhead Guard Mount with Clevis	Attaches Directly to Overhead Guard	Clam Shell Tilt - 160° Total Clam Shell Rotation - 360°	5.6 lbs 2.5 kg	5.6" 14.2 cm	10.0" 25.4 cm	5.6" 14.2 cm
7160-0586	Short Overhead Guard Mount with Dual Clevis	Attaches Directly to Overhead Guard	Clevis Tilt - 90° fore / 26° aft Rotation - 360°	7.9 lbs 3.6 kg	7.5" 3.6 kg	10.0" 25.4 cm	10.8" 27.4 cm

- Features**
- Provides a reduced profile in order to bring devices closer to the overhead guard and out of an operators direct view
 - Great solution to mount peripherals such as radios
 - Multiple mounting hole patterns including AMPs, NEC, and VESA 75 mm to support various Gamber-Johnson devices and other peripherals
 - Limited Lifetime Warranty

EXTENDED OVERHEAD GUARD MOUNT

Item No.	Description	Placement	Movement Capabilities	Weight	Height	Width	Depth
7160-0368	Extended Overhead Guard Mount with Clevis	Attaches Directly to Overhead Guard	Clevis Tilt - 90° fore / 26° aft Clevis Rotation - 360°	9.7 lbs 4.4 kg	13.2" 33.4 cm	10.0" 25.4 cm	5.6" 14.2 cm

- Features**
- Provides an 8" (20.32 cm) extension from the overhead guard in order to bring devices closer to the user
 - Multiple mounting hole patterns including AMPs, NEC, and VESA 75 mm to support various Gamber-Johnson devices and other peripherals
 - Limited Lifetime Warranty

OVERHEAD BAR MOUNTS

Item No.	Description	Placement	Movement Capabilities	Weight	Height	Width	Depth
7160-1156	Overhead Bar Mount	Attaches to Crossmember of Overhead Guard	Clevis Tilt - 90° fore / 26° aft Clevis Rotation - 360°	4.8 lbs 2.2 kg	10.0" 25.4 cm	7.5" 19.1 cm	7.0" 17.8 cm
7160-1156-01	Tall Overhead Bar Mount	Attaches to Crossmember of Overhead Guard	Clevis Tilt - 90° fore / 26° aft Clevis Rotation - 360°	6.7 lbs 3.0 kg	14.0" 35.6 cm	7.5" 19.1 cm	7.0" 17.8 cm

- Features**
- Provides ergonomic tilt and rotation options to position device
 - Quick adjust lever to effortlessly tilt to desired position
 - Allows for flexibility in mounting in different positions overhead
 - Multiple mounting hole patterns including AMPs, NEC, and VESA 75 mm to support various Gamber-Johnson devices and other peripherals
 - Limited Lifetime Warranty

VERTICAL EXTENSION AND KIT

Item No.	Description	Placement	Weight	Height	Width	Depth

OVERHEAD GUARD

Item No.	Description	Placement	Weight	Height	Width	Depth
7160-1425	Overhead Guard Cab Mount	Attaches Directly to Overhead Guard with a Cab	10.1 lbs 4.6 kg	11.0" 27.9 cm	5.5" 14.0 cm	12.3" 31.1 cm

Features

- Quick and easy installation with no drilling required for decreased install times and increased vehicle up-time
- A multitude of positioning configurations for optimal operator access
- A universal solution adaptable to various overhead guard types with cabs
- Features the Gamber-Johnson Clevis for mounting any device utilizing standard AMPs, NEC, or VESA 75 mm universal hole patterns
- Limited Lifetime Warranty

CAB CLAMP BRACKET ADAPTER

Item No.	Description	Placement	Weight	Height	Width	Depth
7160-1096	Clamp Bracket Adapter	Adapts to Various Gamber-Johnson Mounts	2.8 lbs 1.3 kg	5.2" 13.3 cm	6.4" 16.2 cm	1.6" 4.1 cm

Features

- Can be mounted in conjunction with various Gamber-Johnson mounts to allow movement and adjustability of the device
- Use one or two clamp brackets to hold the adapter in place
- Limited Lifetime Warranty

CROWN PALLET RIDER MOUNT

Item No.	Description	Placement	Weight	Height	Width	Depth
7160-0889	Crown PE4500 Pallet Rider Mount	Attaches Between Battery and Steering Column	6.2 lbs 2.8 kg	18.3" 46.4 cm	6.4" 16.1 cm	1.9" 4.8 cm

Features

- Designed specifically for the Crown PE4500 Pallet Rider for an exact fit
- Compatible with any Gamber-Johnson upper poles
- Some drilling may be required
- Limited Lifetime Warranty

RAYMOND PALLET RIDER MOUNT

Item No.	Description	Placement	Weight	Height	Width	Depth
7160-1144	Raymond 8400 Pallet Rider Mount	Attaches Between Battery and Steering Column	10.8 lbs 4.9 kg	8.3" 21.1 cm	16.0" 40.6 cm	6.7" 16.9 cm

Features

- Designed specifically for the Raymond 8400 Pallet Rider for an exact fit
- Adaptable to support various Gamber-Johnson mounts to securely mount an assortment of devices and peripherals
- No drilling required for installation
- Limited Lifetime Warranty

TABLET KEYBOARD MOUNT

Item No.	Description	Placement	Compatibility	Weight	Height	Width	Depth
7160-0799	Tablet Keyboard Mount	Attaches Between Dock and Mounting Solution	Attaches Utilizing VESA 75 mm or Gamber-Johnson Hole Patterns	4.3 lbs 1.9 kg	6.1" 15.5 cm	5.8" 14.7 cm	10.0" 25.4 cm
7160-1323	Honeywell VMU Keyboard Mount	Attaches Between Dock and Mounting Solution	Attaches Utilizing AMPs Universal Hole Pattern	4.3 lbs 1.9 kg	6.1" 15.5 cm	5.8" 14.7 cm	10.0" 25.4 cm

Features

- Designed to hold the keyboard in a standard horizontal position directly under the device
- Quick adjust tension handle secures the keyboard tray and allows for optimal positioning and stowing capabilities
- Keyboard mounting hole patterns:
 - AMPs (2 mounting locations)
 - 2.5" (6.35 cm) x 2.5" (6.35 cm) (2 mounting locations)
 - VESA 75 mm
 - 2" (5.08 cm) x 7" (17.78 cm) Honeywell
- Limited Lifetime Warranty
