WISENET SKY

CMVR 324 / 325

Wisenet SKY Compact Cloud Managed Video Recorder

The Wisenet SKY Cloud Managed Video Recorder (CMVR) stores video and acts as a gateway from your premises to the Wisenet SKY Cloud Data Center where your video can also be stored and managed by the Wisenet SKY Cloud VMS. It provides secure video storage & video streaming, intelligent bandwidth management, and monitoring of cameras.

These small form factor CMVRs are designed for applications of up to 12 cameras when a server rack is not available. They are suitable for wall or shelf mounting. On-premises recording can be combined with cloud recording for additional redundancy, with an available subscription.
