

# HP 325 Chrome Bluetooth Keyboard (45U14AA)

## Overview

### The key to a better Chrome Experience

Windows keyboards will work with the Chrome OS, but unfortunately, many of its unique, productivity-enhancing features like shortcuts and dedicated keys are compromised. Now there's a compact keyboard especially designed for Chrome that unlocks its full potential while also offering long battery life and wireless Bluetooth® 5.0 connectivity.

### Shortcuts at your fingertips

Unlock the full productivity-boosting potential of dedicated keys and shortcuts with a keyboard specifically designed for the Chrome OS. With the latest Google-approved Chrome keyboard layout, Works with Chromebook Certification, and a one touch Google Assistant key for easy searches, now you can get the most out of your Chromebook or Chromebox.

### Works wherever you do

While many keyboards are too big for tight study spaces, this compact keyboard fits right in – wherever you work from and especially if you're on the go. We've even included an on/off switch to prevent accidental key presses and protect battery life when carried in a bag or backpack.

### Long Lasting Battery

Reduce the frustration of frequent battery changes and lost charging cables once and for all. This keyboard, specifically designed to work with the Chrome OS, delivers 12 months of battery life<sup>[1]</sup> from two AAA batteries and up to one hour standby time to conserve power.

### No Wires. More Freedom.

Wires and cables are so yesterday. Not only do you have to keep track of them – a pain if you are on the go – but they clutter your workspace and can be distracting. With Bluetooth® 5.0 connectivity, you can say goodbye to frustrating cables and dongles.

## Features

### **Buy with Confidence**

Your keyboard is critical to getting things done. So what happens in the unlikely event a repair is needed? To provide you with more peace of mind, a 1-year limited warranty is included with your purchase.

---

*[1] Battery life based on 8 hours of use per day, 5 days per week at 5% active use, 28.35% idle daily.*

## Specifications

<b>Minimum dimensions (W x D x H)</b>	11.29 x 28.34 x 1.86 cm
<b>Minimum dimensions (W x D x H)</b>	4.45 x 11.16 x 0.74 in
<b>Weight</b>	350 g
