Sustainability Partnerships

Novolex™ is committed to the protection of the earth through recycling and promotion of sustainable products. We are proud to hold certificates for the following organizations:

Forest Stewardship Council®

The FSC® promotes environmentally appropriate, socially beneficial, and economically viable management of the world's forests. The unique role of the FSC® is to bring together people, organizations and businesses to develop consensus-based solutions that promote responsible stewardship of the world's forests. Duro Bag™ uses the FSC® Trademark License C010800 for certified chain of custody products made at all Duro plants. Bagcraft Packaging™ uses the FSC® Trademark License C122272 for certified chain of custody products made at all Bagcraft plants.

The mark of responsible forestry

The mark of responsible forestry

Rainforest Alliance®

The Rainforest Alliance® is an international nonprofit conservation organization that certifies forestry and agricultural operations, ensuring that they meet rigorous standards for the conservation of natural resources and the rights and welfare of workers and local communities. Working with the Rainforest Alliance®, Novolex has earned FSC® Chain of Custody certification for its Duro Bag lines of 100% recycled bags. The FSC® certified paper used for the manufacturing of these bags can be tracked through the supply chain including collection from the end user, sorting, paper making, transport, bag making and shipment of the finished product.

SCS Global Services (SCS)

SCS Global Services (SCS) has been providing global leadership in third-party environmental and sustainability certification, auditing, testing, and standards development for nearly 30 years. They are accredited to provide services under a wide range of nationally and internationally recognized certification programs. Working with SCS Global Services, Novolex has earned FSC Chain of Custody certification for its Bagcraft lines of 100% recycled bags. The FSC® certified paper used for the manufacturing of these bags can be tracked through the supply chain including collection from the end user, sorting, paper making, transport, bag making and shipment of the finished product.

How2Recycle

Novolex™ is proud to support organizations like the Sustainable Packaging Coalition (SPC) that promote industry wide sustainability initiatives such as How2Recycle the next generation of standardized recycling symbols. We are proud to work with our customers and the SPC to get the right markings on your products. Learn more at: How2Recycle.info

What is **DUBL LIFE**?

Dubl Life[®] is a brand of flexible foodservice and carryout packaging made from 100% Recycled Paper.

The Problem:

Consumers desire clear transparency to better understand what practices will drive an impact toward a sustainable future.

The Solution:

Dubl Life[®] brand drives awareness of the benefits of recycling and promotes the use of packaging solutions with post consumer material content.

RECYCLE

Recycle paper fiber products into post consumer material

REUSE

Convert recycled post consumer fiber material into flexible packaging

REDUCE

Create significant reduction in reliance on virgin raw material

Sustainability

A continuous journey of improvement

Novolex is a leader in sustainable paper and plastic flexible packaging with a broad portfolio of solutions focused on source reduction, energy and water conservation, and end of life product planning and management.

Some of the Novolex™ sustainability solutions we bring to our customers include: recycled content plastic and paper products, compostable plastic and paper products, renewable substrates, Novolex's Bag-2-Bag® plastic bag and film recycling program, lower impact substrates such as our EcoCraft® and Dubl Life® lines of paper products, and other industry leading innovations that minimize raw materials while maximizing performance.
