

RELIABLE, PORTABLE, AND PACKS A PUNCH

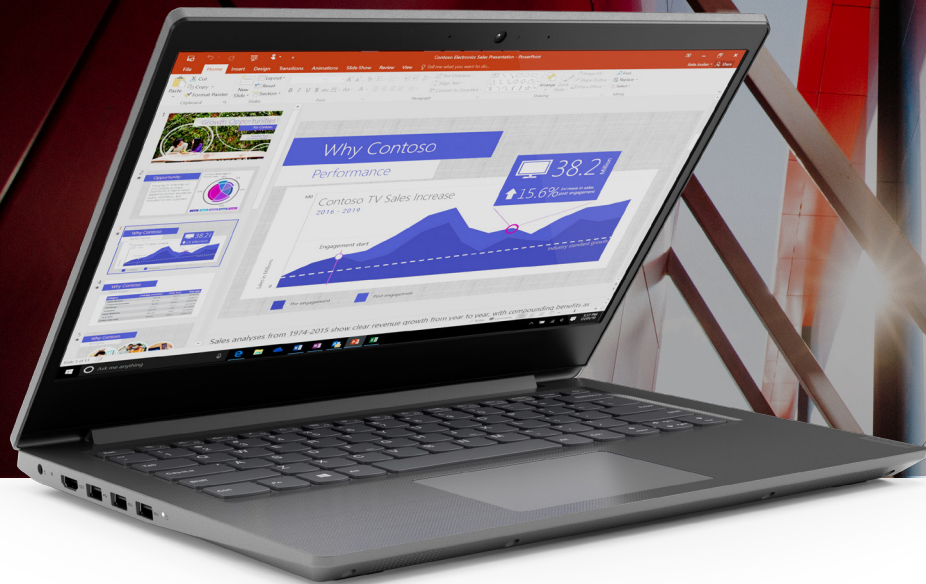

Lenovo

A laptop made for everyday business use, the Lenovo V14 is perfect for SMBs looking for a good computing experience at a reasonable price. The V14 makes it easy to create presentations for sales pitches, manage accounting on spreadsheets, and run ERP applications.

Couple this with powerful choices of up to AMD Ryzen R7 processors, productivity options like the integrated AMD graphics, dual drive* storage, and slim design, and you have one of the best budget laptops money can buy.

Lenovo V14 ARE LAPTOP

*Optional

Lenovo V14 ARE LAPTOP

Contemporary Design: choice of two exterior covers that look and feel premium and a slim body that is less than 20mm thick; being easy to carry around is just the icing on the cake.

Powerful Performance: experience high responsiveness even while working on multiple applications. The DDR4 memory, and M.2 PCIe SSD support along with dual drive* storage allow you to do more and do it faster.

Enhanced User Experience: the anti-glare Full-HD* feature is easy on the eyes. It displays colors beautifully and offers clarity to videos, images, and texts, just the way it is intended to be.

Ample Connectivity: with multiple connectivity options built into the laptop, including USB 3.0 and HDMI ports, you get more options to effortlessly run multiple devices at once, than most other laptops in its class.

Better Security: the TPM 2.0 firmware prevents tampering with onboard data, secures the PIN, and encrypts passwords, ensuring the safety and security of your confidential files.

ITDM Benefits

Manageability: Lenovo V14 is a reliable and value-for-money laptop that is easy for IT to deploy and manage.

Productivity: Up to AMD Ryzen Processors, additional connectivity ports, and Windows 10 operating system help businesses achieve greater efficiency.

Business-grade Support Services: Lenovo provides a full suite of flexible services to support every customer scenario—from single device warranty to mission-critical data center optimization.

SERVICES

Lenovo offers a comprehensive portfolio of services to support and protect your investment—so you can focus on your work, not your IT.

Premier Support

Provides direct access to skilled and experienced Lenovo technicians offering comprehensive hardware and software support. Gives you a consistent point of contact within Lenovo to ensure that your case resolution is professionally managed from start to finish.

Accidental Damage Protection (ADP)

Prevents the hassles of unexpected repair costs. Provides coverage for non-warranted damage incurred under normal operating conditions, such as minor spills, drops, or damage to the integrated screen.

Warranty Extension (1-year base, up to 3 years)

This fixed-term, fixed-cost service helps you accurately budget for your IT expenses, protect your valuable investment, and lower the cost of ownership over time.

*Optional

**Based on testing with MobileMark 2014. Battery life varies significantly with settings, usage, and other factors

Depending on many factors such as the processing capability of peripheral devices, file attributes, and other factors related to system configuration and operating environments, the actual transfer rate using the various USB connectors on this device will vary and is typically slower than the data rates as defined by the respective USB specifications: - 5 Gbit/s for USB 3.1 Gen1; 10 Gbit/s for USB 3.1 Gen2 & 20 Gbit/s for USB 3.2.
