This adjustable folding laptop mount offers a variety of options for working while standing or sitting; at a counter or a desk; or virtually any place requiring a sturdy, reliable workstation. The mount folds to a 1.5-inch flat, ideal for easy transport in a computer bag, backpack, or briefcase. It unfolds via two 180-degree joints, and adjusts up to 3.25-inches in height, easily creating the ideal position for posture and comfort. To adjust height, simply push the button in the center handle and pull. Release the button to lock the center panel in place at the desired height. Non-slip rubber grips and two front holders securely cradle laptops in place. The laptop plate tilts for multiple viewing angles. This mount works with any laptop up to 13.8 inches wide and 22 lbs.
