ProductSheet
HP Elite Folio 13.5 inch 2-in-1 Notebook PC (605F2UT)

Stylishly and seamlessly move throughout your day

The HP Elite Folio 13.5 inch 2-in-1
Notebook PC is a beautifully designed,
business ready, touch notebook, with a
Qualcomm® Snapdragon™ 8cx Gen2
compute platform[2], and long battery
life. Quickly switch between laptop,
tablet, or media modes to get work done,
and stay connected with powerful gigabit
data rate Wi-Fi 6[3,4] and Bluetooth®.

HP recommends Windows 11 Pro for business

A laptop, a tablet, and a media device
Work efficiently and in style with multiple computing experiences, a stunning display, and
modern design.

Fast reliable connection
Trust that your link to the world will be there with gigabit data rate Wi-Fi 6[3,4] and long battery
life.

Digital pen with charging garage
The built-in storage space for your HP Elite Slim Active Pen keeps it handy so you can quickly
capture ideas.

Featuring

Windows 11
Work anywhere without compromising on performance or security with Windows 11 powered by
HP's collaboration and connectivity technology.

Preserve your privacy
Never wonder if someone is watching you with the added peace-of-mind that comes from the
integrated HP Privacy Camera, with a physical shutter to protect from malicious surveillance.

Messaging Footnotes

[2] Multiple cores are designed to improve performance of certain software products. Not all customers or software applications will necessarily benefit from use of this technology. Performance and clock frequency will vary depending on application workload and your hardware and software configurations. Qualcomm's numbering is not a measurement of clock speed.

[3] Wi-Fi® supporting gigabit data rate is achievable with Wi-Fi 6 (802.11ax) when transferring files between two devices connected to the same router. Requires a wireless router, sold separately, that supports 160MHz channels.

[4] Wireless access point and Internet service required and sold separately. Availability of public wireless access points limited. Wi-Fi 6 is backwards compatible with prior 802.11 specs. The specifications for Wi-Fi 6 (802.11ax) are draft and are not final. If the final specifications differ from the draft specifications, it may affect the ability of the laptop to communicate with other 802.11ax devices. Only available in countries where 802.11ax is supported.

Technical Specifications Footnotes

[12] HD content required to view HD images.

[13] Resolutions are dependent upon monitor capability, and resolution and color depth settings.

[14] HP Sure View is optional and must be configured at purchase.

[15] Actual brightness will be lower with touchscreen or Sure View.

[16] Supports up to 2 external 4K displays at 60Hz in addition to native display. Supports dual display through the dock (sold separately).

[18] Recharges the battery up to 90% within 90 minutes when the system is off or in standby mode. Power adapter with a minimum capacity of 65 watts is required. After charging has reached 90% capacity, charging will return to normal. Charging time may vary +/-10% due to System tolerance.

[19] Availability may vary by country.

[20] HP Care Packs are sold separately. Service levels and response times for HP Care Packs may vary depending on your geographic location. Service starts on date of hardware purchase. Restrictions and limitations apply. For details, visit www.hp.com/go/cpc. HP services are governed by the applicable HP terms and conditions of service provided or indicated to Customer at the time of purchase. Customer may have additional statutory rights according to applicable local laws, and such rights are not in any way affected by the HP terms and conditions of service or the HP Limited Warranty provided with your HP Product.
