

MOUNT-IT! CLiX SERIES
Premium Monitor Mounts

Introducing the CLiX Series – Our finest line of monitor mounts, engineered from premium aluminum for lasting durability, a refined finish, and seamless performance. Built for versatility, CLiX offers a broad range of configurations to fit every workspace — from single monitor setups to quad-screen power stations. Each mount features our signature “click” assembly system, making setup fast and frustration-free.

What truly sets CLiX apart is its universal design language. Whether outfitting a single desk or an entire office floor, the consistent aesthetic ensures a clean, unified look across varied workstation setups. With CLiX, every mount complements the next, offering ergonomic comfort tailored to each user—without sacrificing visual harmony.

Monitor Wall Mounts

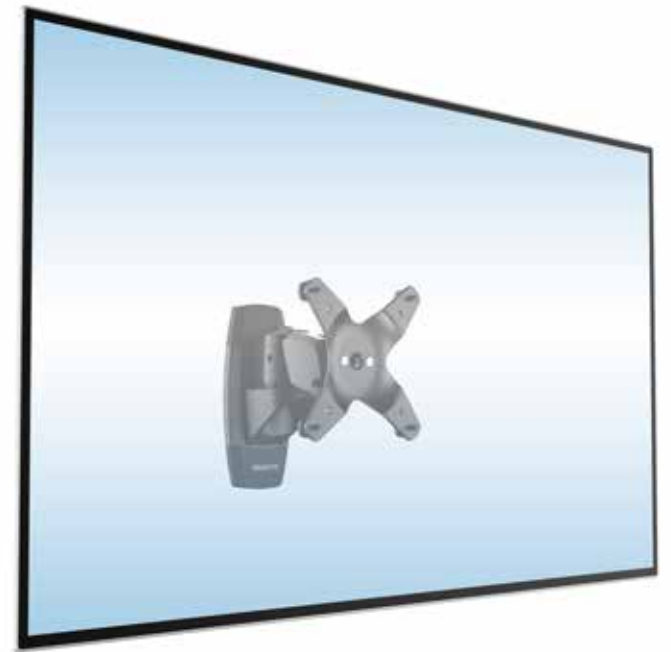

Sleek, sturdy, and space-saving

— Our CLiX Series monitor wall mounts are built to bring premium performance to the modern workspace.

Designed for flexibility and ergonomic comfort, these mounts offer a clean, low-profile solution for mounting one or two monitors to the wall, freeing up valuable desk space and creating room for creativity.

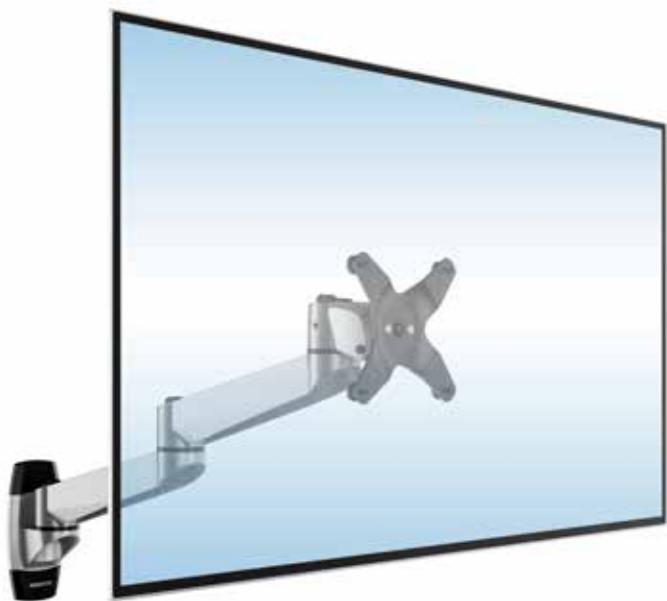

Choose from silver and black finishes to complement your space and maintain a cohesive look.

Monitor Desk Mounts

Built for performance and designed for style

— Our CLiX Series desk mounts offer an ergonomic upgrade for every workstation. Whether you're using one monitor or managing a four-screen setup, CLiX delivers smooth adjustability, rock-solid support, and a refined finish that elevates any space. The collection includes configurations for single, dual, triple, and quad monitor setups, along with hybrid options for monitor and laptop use—ideal for flexible workstyles and multitasking workflows.

Each mount features a dual clamp and grommet base for easy installation on a wide variety of desks, giving you mounting flexibility without sacrificing stability. Available in silver or black (depending on model), CLiX Series desk mounts maintain a unified, professional look across teams, departments, and entire office floors.
