

4XEM's 3-Port USB-C to DisplayPort and HDMI Multi-Monitor Hub

4XEM Part- 4XMST11

Introducing the ultimate solution for multi-monitor setups - our 3-Port USB-C to DisplayPort and HDMI Multi-Monitor Hub! With this powerful adapter hub, you can easily connect up to three external displays to your laptop or desktop computer, allowing you to multitask like a pro.

Featuring both DP and HDMI ports, and a USB type C connector, this hub offers unmatched versatility and compatibility. You can connect a variety of displays, including monitors, TVs, and projectors, and enjoy stunning visuals at resolutions up to single screen uncompressed 8K. The MST (Multi-Stream Transport) technology allows for multiple monitors to display different content simultaneously, making it ideal for gaming, programming, graphic design, and more!

Thanks to its compact and lightweight design, you can take it with you wherever you go, making it the perfect accessory for digital nomads, business travelers, and anyone who needs to work on-the-go. With its sleek and stylish design, this multi-monitor hub is the perfect addition to any workspace. So why settle for a single display when you can have three? Order your 3-Port USB C to Display Port and HDMI Multi-Monitor Hub today and take your productivity to the next level!

## Features

- 3 DisplayPort port
- USB-C connector
- Supports Extended and Duplicate screen modes
- Supports 8K uncompressed video resolution (7680x4320 @ 30Hz)
- Supports 4K ultra-HD video (3840x2160 @ 120Hz)
- Supports Ultra-wide displays
- USB-A to USB-C power cable
- Windows 10 compatible
- Lightweight and portable design

## Application

- Home theatre
- Office
- Business Presentations
- Multi-screen display

## Benefits

- **Improved productivity:** With the ability to connect up to three external displays to your laptop or desktop computer, you can easily multitask and work more efficiently. You can have multiple windows open at once, allowing you to work on multiple projects simultaneously and increase your productivity.
- **Enhanced visual experience:** This hub supports resolutions up to 4K, providing stunning visuals that are perfect for gaming, video editing, or watching movies. You can enjoy crystal-clear images and vibrant colors on your external displays, making your work or entertainment more enjoyable.
- **Versatility and compatibility:** The hub features both DisplayPort and HDMI ports, making it compatible with a wide range of displays, including monitors, TVs, and projectors. This allows you to connect to virtually any display device you may encounter.
- **Increased connectivity:** The hub also features three USB-C ports, which can be used for charging your devices or connecting peripherals such as keyboards, mice, and external hard drives. This means you can have all your essential devices connected to your computer through one convenient hub.
- **Portability:** The compact and lightweight design of the hub makes it easy to take with you wherever you go. Whether you're working from home, traveling for business, or need to set up a multi-monitor workstation on-the-go, this hub is the perfect solution.
