

Targus Headsets

Clear Sound with Noise-Canceling Technology

All Day Comfort

From the adjustable padded headband to soft-touch ear pads – they're so lightweight and comfortable, you'll hardly notice you're wearing them.

Quality Sound for You and Your Listener

Each headset features crystal clear sound and a rotatable, omni-directional boom microphone. True noise-canceling technology helps filter ambient sound for your listener and blocks surrounding noise too.

Control at Your Fingertips

Pump up the volume (or turn it down) without taking off your headset. Control buttons are conveniently located on each set, so you can make quick sound adjustments.
