Mobilize your workforce and turn your Samsung Galaxy Tab Active Pro into a full desktop experience with the Targus® Tablet Cradle Workstation. Simply slide your Tab Active Pro - encased in the Tablet Case for Samsung Galaxy Tab Active pro (THD501GLZ; sold separately) - into the Targus Tablet Cradle Workstation and instantly connect to the Samsung-enabled ecosystem. Pair a Type-C smart monitor and any keyboard and mouse to the Tablet Cradle Workstation to allow for a seamless connection and to get more done.

Move freely around the branch with a tablet – and continue working at the desktop with one device. With the Targus Tablet Cradle Workstation, and the Tab Active Pro's Samsung DeX software, you can now use an external monitor to create a large format display of your tablet or use as a second screen to multitask while still using other features of your device.

Featuring a 350-degree swivel radius and 90-degree tilting angle, the Targus Tablet Cradle Workstation allows for easy input and virtually infinite viewing angles while securely anchored in the tray. Its 5.9-foot USB-C cable connects the cradle to the monitor supporting 2-way power so you're never without a charge.

To maximize the experience, upgrade your Tablet Cradle Workstation with the HDMI Dock (DOCK421SGLZ), DisplayPort Dock (DOCK422GLZ), or USB Hub (ACH936GLZ) add-ons (sold separately).
