

Aeon CineGrey 5D® Series

Ambient Light Rejecting EDGE FREE® Projection Screen

Compatible with Standard “Long” Throw Projectors ONLY

Product Description

The **Aeon CineGrey 5D®** is a ceiling ambient light rejecting fixed frame screen with an EDGE FREE® design for a minimalistic appearance. The CineGrey 5D® front projection material is the perfect solution for rooms that have little or no control over incidental light. It is an ideal fit for family rooms as well as lecture halls, boardrooms, sports bars, training facilities, and other business environments. The CineGrey 5D is superior to traditional white or gray materials in its ability to maintain a sharp, bright image regardless of ambient light.

Models	Diagonal	Aspect Ratio	View Width	View Height	Material	Gain	Frame Width	Frame Thickness
AR103DHD5	103"	16:9	89.2 in	50.2 in	CineGrey 5D®	1.5	0.4 in	1.3 in
