Articulating Monitor Arm with Clamp and Grommet

Articulating Monitor Arm with Clamp and Grommet

This sleek, articulating monitor arm creates a secure countertop space saving solution for hotel lobbies, conference rooms, classrooms, waiting rooms, or any place that requires a screen. The base mounts to countertops up to 3-inches thick via in one of two possible ways: via simple rotary clamp, or, the base can be permanently screwed directly into countertops via included grommets. Rubber padding protects counter surfaces. The VESA plate attaches to any compatible monitor or device with 75 x 75 or 100 x 100mm mounting holes, and can be easily set up for either portrait or landscape orientation. The monitor can rotate 360 degrees and tilt, allowing for virtually any screen diagonal, and up to 17.6 lbs.

Features:

- 360-degree rotating monitor holder
- Tilts up and down
- Can be mounted in either portrait or landscape orientation
- Cables can be neatly managed with a clip at the back of the pole
- VESA plate mounting base attaches countertops up to 3" with included hardware
- Compatible with monitors or devices up to 17.6 lbs. and 32-inches

Specifications:

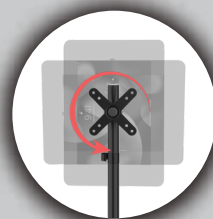

- Weight: 3.4 lbs.
- Pole height: 15.7-inches (14.8-inches above countertop)
- VESA pattern sizes: 75x75 and 100x100 mm

Package includes:

- (1) VESA plate
