Desk Grommet Mount w/ Non-Security Universal Holder

Desk Grommet w/ Non-Security Universal Holder

CTA Digital's Desk Grommet Mount with Non-Security Universal Holder is a sleek solution for home offices, kitchens, private offices, or any place a locking mount isn't required. The base mounts to countertops up to 3-inches thick via in one of two possible ways: a simple rotary clamp, or, a more permanent drill-through via included grommets. Rubber padding protects counter surfaces. This mount comes with a sturdy metal universal holder, that is compatible with any VESA-compatible 75 x 75 or 100 x 100mm enclosure or case with up to a 15" inch diagonal, including CTA's popular Paragon Enclosure. The head rotates for use in either portrait or landscape orientation and tilts, allowing for virtually any screen placement.

Features:

- 360-degree rotating monitor holder
- Tilts up and down
- Can be mounted in either portrait or landscape orientation
- Cables can be neatly managed with a clip at the back of the pole
- VESA plate mounting base attaches via clamp, or can be permanently screwed into surface via pre-drilled grommet holes into countertops up to 3" with included hardware
- Universal holder works with any VESA-compatible tablet up to 15" inches diagonal, and up to 1.06-inches in total thickness.
