

# Security VESA and Wall Mount with 5" Extender Pole

For 7-14" Tablets (Black)

PAD-SVWMBXL

## Security VESA and Wall Mount with 5" Extender Pole

This Security VESA and Wall Mount is a versatile stand for home offices, retail, conference rooms, and classrooms. The universal tablet enclosure snugly holds virtually all 7-14-inch tablets, including iPad Gen 8, iPad Air 4, iPad Pro 10.5-inch, Galaxy Tab A 9.7-inch, Lenovo Tab 4, Surface Go, Zebra Tablets, and more. To secure, simply align and stick the self-adhesive foam pads to the frame. An easy adjustment knob then locks to the corners of your device. The frame adjusts to virtually any angle – perfect for both landscape and portrait orientations. A 5" extender pole gives further adjustability. The stand itself features a clever 75 x 75- and 100 x 100-millimeter VESA attachment that can be mounted to a desktop, counter, wall, or any standard VESA-compatible plate. Included in this kit is a strong steel cable and reinforced slot that lets you secure the stand to a table leg, counter, pole, pipe, or other stationary fixture. Then, lock the tablet enclosure with a simple turn of a key.
